Dear Whom it May Concern:

The Kentucky River Authority, at its meeting of March 6, 2013, passed a resolution to increase Tier II water user fee to 13 cents per thousand gallons. The new rate will be effective July 1, 2013 and appear on fee billings issued August 1, 2013. This rate increase is necessary to finance reconstruction of the dams providing your water supply from the Kentucky River. Specifically this increase will finance reconstruction of Dam 8 at Jessamine County, renovate Lock 1 at Carrollton, renovate Lock 2 at Henry County and the Design of Dam 10 at Richmond. The Tier I fee will remain at the current level of 2.2 cents per thousand gallons.

Please take such actions as necessary, in preparation for the new level of fee assessments or call with any questions regarding this matter.

Re: Kentucky River Authority Withdrawal Fee (Tier II)

Dear Ms. Robinson:

Enclosed is a filing notice and a new tariff that FPB filed with the Public Service Commission on June 28, 2013 reflecting an increase in the Kentucky River Authority Withdrawal Fee. The Kentucky River Authority increased its Tier II water user fee by 7 cents from 6.0 cents per 1,000 gallons to 13.0 cents per 1,000 gallons.

The KRA maintains the locks and dams that make it possible to use the Kentucky River as a water source. The KRA has the ability to collect water use fees from all facilities using water from the Kentucky River. FPB is one such facility.

The KRA fee is separate from the rates FPB charges for wholesale water service. It is a "pass through" fee. That is, FPB retains none of these funds for its operations. Rather, FPB collects these funds and remits them to the KRA.

Based on South Anderson's usage for last month, the proposed increase of 9.21 cents per 1,000 gallons will be approximately \$109.42 per month.
