Re: Case # 2013-00332 and # 2014-00250

Dear Mr. DeRouen

As a homeowner in the Old Bridge Golf community, I am pleased to learn of the change of ownership related to the propane service to our neighborhood.

If I understand the arrangement, propane will be delivered through the present pipeline system. If this is correct, Commercial Propane Service LLC will find their customers in the Old Bridge community to be very satisfied.

With appreciation,
