RE: Case No. 2013-00419  
Purchase Water Adjustment for Judy Water Association

Dear Executive Director:

The above referenced case was approved on December 17, 2013 by the PSC. In the application, Judy Water Association's (JWA) cover letter requested a deviation. That deviation was a request to advertise the PWA on company website, bills and at the office in lieu of newspaper due to expense. The approved order by PSC did not address the requested deviation.

The PWA increases revenue by \$1286 annually for Judy Water Association. We are requesting this deviation because the expense of advertising in newspaper in compliance with 807 KAR 5:068 is \$575. We feel that the alternate ways of public notification is sufficient and would actually be a more effective form of notification. JWA has already placed notification on December's bills (example attached). I am also attaching an example of a PDF that would be placed on JWA's website. Please remember this case began in August of 2013 and there have been many clerical hours, copies, and mailings that have been an expense to JWA as well. If PWA's are designed to allow utilities to recover expense, than I feel this deviation is well justified. JWA would actually be losing approximately a year of revenue generated by this PWA in order to implement the rate increase, and I am sure by that time JWA will be requesting the next PWA.

Thank you for understanding our concerns and request. Please remember we serve 4 counties (Montgomery, Clark, Bath, and Bourbon) and the only newspaper that circulates in those 4 counties is the Lexington Herald Leader. A posting on bills, website, and at our office will be more effective than a legal ad in the newspaper.

Thank you,

RE: Purchase Water Adjustment for Judy Water Association

Dear Executive Director:

Judy Water Association has received notification from one of its suppliers (City of North Middletown) of increases in water rates. Please find enclosed 1 (one) original and 10 (ten) copies of the proper documentation to file for a purchase water adjustment.

Judy Water Association is requesting a deviation that will allow for the posting of this increase on customer's bills, company website and displayed at the office. This form of notification is being requested in lieu of advertising in the newspaper because of the expense. If granted this deviation we will notify customers of new rates before the first billing. All income sheets and balance statements are current and on file with the PSC.

If you might have any questions, I can be contacted at 859-498-4809.

Thank you,
