ORDER REGARDING REQUEST FOR CONFIDENTIAL TREATMENT

On October 24, 2014, East Kentucky Power Cooperative, Inc. ("EKPC") filed a motion pursuant to 807 KAR 5:001, Section 13, requesting that certain materials filed with the Commission be afforded confidential treatment and not be placed in the public record subject to public inspection for a period of ten years.

In support of its motion, EKPC states that the information it is requesting to be held confidential is contained in its responses to Commission Staff's Initial Request for Information, Item 30.f. In particular, EKPC states that the material contains information relating to the charges paid and credits received by EKPC in connection with the acquisition and placement of property insurance, including specific amounts charged and credited by EKPC's property insurer and insurance broker.

EKPC maintains that the information sought to be kept confidential is proprietary and contains commercially sensitive information that is retained by EKPC on a need-to-

know basis and is not publicly available. EKPC further states that disclosure of the subject information would give potential insurance providers and insurance brokers a commercial advantage in negotiations with EKPC, which, in turn, would result in higher premiums to the detriment of EKPC's members.

Having carefully considered the petition and the materials at issue, the Commission finds that:

1. The materials for which EKPC seeks confidential treatment meet the criteria for confidential treatment and are exempted from public disclosure pursuant to KRS 61.878(1)(c)(1) and 807 KAR 5:001, Section 13.

2. The materials for which EKPC seeks confidential treatment should not be placed in the public record or made available for public inspection for a period of ten years, or until further Orders of this Commission.

IT IS THEREFORE ORDERED that:

1. EKPC's Motion for Confidential Treatment is hereby granted.

2. The materials for which EKPC seeks confidential treatment shall not be placed in the public record or made available for public inspection for a period of ten years, or until further Orders of this Commission.

3. Use of the materials in question in any Commission proceeding shall be in compliance with 807 KAR 5:001, Section 13(9).

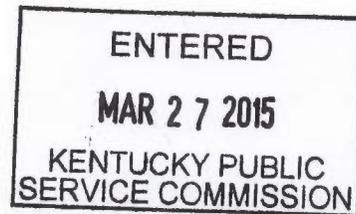

4. EKPC shall inform the Commission if the materials in question become publicly available or no longer qualify for confidential treatment.

5. If a non-party to this proceeding requests to inspect materials granted confidential treatment by this Order and the period during which the materials have

been granted confidential treatment has not run, then EKPC shall have 20 days from receipt of written notice of the request to demonstrate that the materials still fall within the exclusions from disclosure requirements established in KRS 61.878. If EKPC is unable to make such demonstration, the requested materials shall be made available for inspection. Otherwise, the Commission shall deny the request for inspection.

6. The Commission shall not make the requested materials available for inspection for 20 days following an Order finding that the materials no longer qualify for confidential treatment in order to allow EKPC to seek a remedy afforded by law.

By the Commission
