RE: Case No. 2014-00086
Application of Todd County Water District for a Certificate of Public Convenience
and Necessity to Construct an Office Building and Warehouse Facility

Dear Mr. Johns:

In reviewing your Application, Commission Staff notes that you have requested authorization to construct a building with a maintenance facility adjacent to this building. However, your application has the case captioned as "Application of Todd County Water District for a Certificate of Public Convenience and Necessity to Construct an Office Building in Warehouse Facility Premises." Since a review of your application does not indicate that the proposed office building is to be constructed "in" the warehouse, Commission Staff has revised the case caption to properly reflect your request to construct an office building "and" warehouse facility. The corrected case caption is referenced above.

Dr. George D. Brown, Chairman
Honorable Harold M. Johns

We ask that you use the revised case caption in all future filings. Thank you for your attention to this matter.

Sincerely,
