PUBLIC SERVICE
COMMISSION

Dear Public Service Commissioner;

I received a notification yesterday with my Airview Utility bill stating that there is going to be an increase of the already high charge to us.

The amount currently being charged of \$28.45 is much more than I feel we should contribute. Raising it to \$42.00 should be illegal - that's downright robbery.

Why is it only Airview residents who have to pay an outside company for cleaning of their water while most other residents in Kentucky are paying through their actual water company?

I am disabled and can barely pay the bills I have now. To raise this charge by \$13.55 per month makes me cry. That's over \$160.00 a year!!!!

The cost of groceries, mortgage, gas and everything else has increased to the point of disgust. To increase a service that we already pay for in taxes and a through Hardin County Water is beyond unfair.

Sincerely,

Elisabeth Harper
