## INTRA-AGENCY MEMORANDUM

### KENTUCKY PUBLIC SERVICE COMMISSION

**TO:** Case File Nos. 2014-00223 and 2014-00224  
**FROM:** Nancy J. Vinsel, Staff Attorney  
**DATE:** November 24, 2014  
**RE:** Informal Conference of November 14, 2014

Pursuant to a Staff Notice issued on October 22, 2014, an informal conference ("IC") was conducted at the Commission's offices in Frankfort, Kentucky on November 14, 2014. In attendance were members of the Commission Staff ("Staff"), representatives of Shelby Energy Cooperative, Inc. ("Shelby Energy") and representatives of Kentucky Utilities Company ("KU"). Attached is a copy of the attendance roster ("Attachment A").

The purpose of the IC was to resolve differences between the certified territory boundary lines on file with the Commission and the purported current service territory boundary lines as depicted on Exhibit 2 to the application filed in Case No. 2014-00223 and on Exhibits 2 and 4 to the application filed in Case No. 2014-00224, and to determine the proposed certified service territory boundary lines.

Prior to the IC, Shelby Energy provided the attached documents that evidence prior agreements between Shelby Energy and Kentucky Utilities Company (attached as "Attachment B"). Staff and Shelby Energy discussed the documents and agreed that the documents resolved differences in boundary lines in the Glenview section of the Shelbyville quadrangle map.

Representatives of Shelby Energy and KU agreed upon boundary lines for the Old Mill Village section on the Shelbyville quadrangle map, the southern Meadow Glen section on the Shelbyville quadrangle map, and the Rolling Ridge section on the Simpsonville quadrangle map. Shelby Energy representatives indicated that field work will be required to physically review existing services in the northern Meadow Glen section on the Shelbyville quadrangle map so that the revised map accurately reflects the territorial boundary line between Shelby Energy and KU. Shelby Energy representatives will work with KU representatives to perform the field work.

Shelby Energy representatives stated they will file a status update on the revisions by December 1, 2014. Once the revisions are finalized, Shelby Energy representatives will submit revised maps signed by Shelby Energy and KU under a cover letter explaining the revisions.

There being no further discussion, the IC was then adjourned.

**SHELBY ENERGY**  
COOPERATIVE, INC.

March 15, 2002

Mr. Brent Birchell, P.E.  
District Engineer  
Kentucky Utilities Company  
1100 Main Street  
Shelbyville, KY 40065

Dear Brent:

I thought it would be good to follow up our meeting of Monday, March 11 with a letter for each of our files, stating the essence of the agreement coming out of that meeting, relative to Rolling Ridge Section 5 and Old Mill Village.

We agree that the Cooperative will relinquish its right to serve lots #132-#160 in Section 5 of Rolling Ridge Subdivision in Simpsonville to Kentucky Utilities Company. In exchange, Kentucky Utilities Company agrees to relinquish its right to serve lots #28-#64 of Old Mill Village in Shelbyville to Shelby Energy Cooperative.

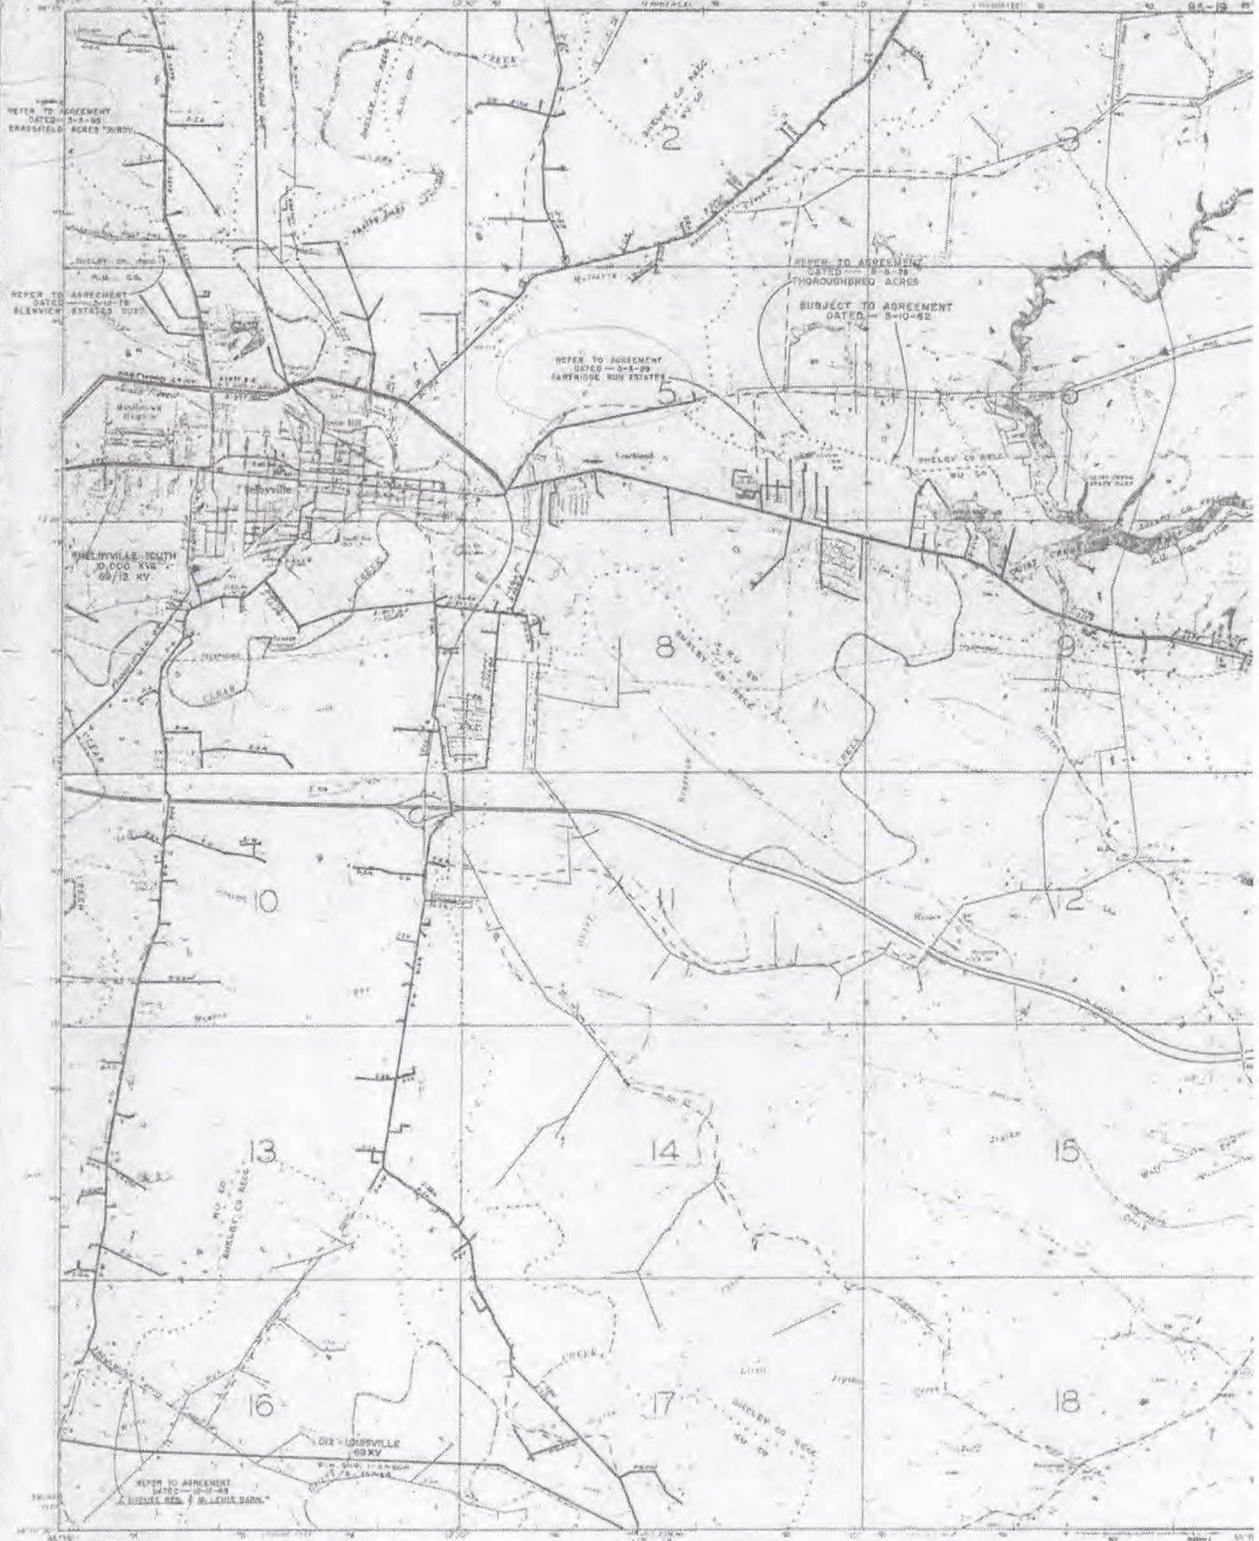

Copies of the plats of the two developments will be "marked-up" with the respective territorial boundary revisions noted along with certificates added to each for the two organization's authorized representatives to sign. It was further agreed that Shelby Energy would be responsible for the production of these documents. I will submit copies of these documents to you for review as soon as they are available.

If you have any questions, please do not hesitate to give me a call.

Sincerely,

R. Wayne Anderson  
Vice President, Plant Engineering and Technology
