RE: Case No. 2014-00267 – Surcharge Activity Report

Ms. Mathews,

Please take a moment to review the status and actions Cannonsburg Water District has taken this month to further gain control of its water loss.

As can be seen in the current Water Loss Report, CWD continues to make gains on water loss each month.

Zone Meters #6 and #4 continue to work well since being re-installed, however, Zone Meter #10 is not reporting in and there are no readings on the display. CWD has reported the problem to the supplier for repair.

If at any time, you have any questions or concerns regarding this report please, do not hesitate to contact me for further information.

Sincerely,

A handwritten signature in blue ink that appears to read "Tim Webb".

Tim Webb
General Manager
