INTRA-AGENCY MEMORANDUM
KENTUCKY PUBLIC SERVICE COMMISSION

TO: Case File No. 2004-00277
FROM: David Spenard, Staff Attorney
DATE: November 6, 2014
RE: Informal Conference of October 17, 2014

Pursuant to the Commission's Order issued October 13, 2014, an informal conference was held in this matter on October 17, 2014. Charles Melvin Price participated in the informal conference through telephonic means. Attached is a copy of the attendance roster.

The purpose of the meeting was to discuss the current status of the request for deviation from 807 KAR 5:071, Section 7(4) which requires, among other things, daily inspections of sewage treatment facility mechanical equipment.

Mr. Price indicated that he would supply the Commission with additional information within 10 days.

Commission Staff questioned Mr. Price regarding the design and condition of the facility including components of the facility that operate in emergencies, and Mr. Price provided an overview of the design and condition of the facility and the manner in which the facility operates. Commission Staff questioned Mr. Price regarding remote monitoring technologies, and Mr. Price gave descriptions of two products. Mr. Price stated his concerns concerning the costs of the two products and the finances of the utility. Commission Staff indicated to Mr. Price that a request for a deviation from the daily inspection requirement is a matter that is separate from the issue of whether Springcrest should file an application for a rate adjustment.

There being no further business, the informal conference adjourned.
