RE: 2014 Wholesale Water Rate Adjustment

Dear Mr. Sanford,

We are providing this letter as the official notice of the 2014 Wholesale Water Rate Adjustment as discussed previously. This letter is to confirm for you the basis for the rate adjustment and also the details of the change.

Recall the City previously indicated its intention to complete a utility rate study this year. The City contracted with a third party, Salt River Engineering, to complete the rate study with a cost of service component and to evaluate and recommend adjustments for all rates charged by the City's municipal utility. The study began this past winter and the wholesale portion of the evaluation has been completed. The rate study was completed consistent with the principles established in the American Water Works Association Manual M-1. The chosen study approach was the *Hybrid Method* (Cash Needs/Utility Basis) which was used to determine the revenue requirements for both owner and non-owner utility customers.

The City Commission accepted the recommendations from the consultant by implementing revised wholesale rates. The implementation of the revised rates will begin with the effective date of September 1st 2014. Consistent with the recommendations, the Lake Village Water Association shall pay a Flat Rate of \$2.41 per 1000 gallons consumed or \$1.80 per 100 cubic feet consumed. The minimum bill will not adjust as a result of this change.

As stated previously it is our goal to help you understand the details related to the rate identified. As such we will be more than willing to provide information to provide a better understanding. Please let us know how we may address your questions. We look forward to working with you as we transition into this revised rate.

Respectfully,

Earl Coffey
City Engineer

October 14, 2014

The regular monthly meeting of the Lake Village Water Association, Inc. was held at 6:00 p.m. on the 14th day of October, 2014 at the office of the Association located at 801 Pleasant Hill Drive, Burkin, Kentucky.

Vice-Chairman Jim Boyd called the meeting to order. Attending the meeting were Vice-Chairman Jim Boyd, Chairman Danny Noel via conference call, Director Earl Campbell, Attorney Lynne Coleman and LVWA employees Mike Sanford and Rita Monson.

Chairman Noel moved to approve the minutes from the September meeting. Director Campbell seconded the motion. Motion carried.

Director Campbell moved to approve the bills. Vice Chairman Boyd seconded the motion. Motion carried.

Sanford presented the Financial Report for September and stated that the financial performance was very good and continued to compare favorably to the adopted operating budget in both income and expenses for the year. Sanford noted that water sales exceeded the monthly budget by \$8,832, water cost for the month were \$36,400.85, \$140.82 under budget, with a Gross Profit of \$75,675.03, which was \$147.30 over budget. Monthly expenses were under budget by \$2,863.14. Sanford noted that the Association's Net Income for October was \$30,771.51, increasing the Year-to-Date Net Income to \$9,070.83.

Sanford reported to the Board that the unaccounted for water loss for September was 6%.

Sanford reported that the revised plans and specifications for the NTC Elevated Storage Tank and Water Main Improvements Project were approved by the Division of Water. The Association received an approval letter with accompanying requirements associated with the approval. Sanford will coordinate with Coleman to complete the PSC Certificate of Public Convenience and Necessity.

Sanford reported that the PSC Certificate of Public Convenience & Necessity application has been on hold, awaiting the receipt of the approval from the Division of Water. Sanford stated that he is in the process of updating the documents related to the CCN and will be ready to submit the application in the coming weeks. Director Campbell moved to submit the application seeking a Certificate of Public Convenience and Necessity to the Public Service Commission. Chairman Noel seconded the motion. Motion carried.

Sanford presented the calculations for the Purchase Water Adjustment that the Association will submit to the PSC due to the increase from the City of Danville for the Water Treatment Plant Expansion Project. Sanford noted that the anticipated additional cost to the Association is anticipated to be approximately \$175,607.11 annually. In order to compensate the City of Danville for the increased water cost, the Association must submit a Purchase Water

Adjustment to the Public Service Commission. The Purchase Water Adjustment calculations indicate that the Association must increase the current water rates by \$1.00 per 1,000 gallons of water used. Director Campbell moved to increase the water rates by \$1.00 per 1,000 gallons, as reflected in the Purchase Water Adjustment presented by Sanford. The revised rate schedule will be effective on December 1, 2014. Chairman Noel seconded. The motion was unanimously passed.

Sanford noted that the Association will be notifying the customers of the Purchase Water Adjustment by letter and will explain the PWA process, its necessity and other pertinent information related to the rate setting process. The letter will go out upon approval of the PWA by the Commission.

Sanford presented the Board with health insurance quotes from Anthem, Humana, and United Healthcare. The quotes provided from Vice Chairman Boyd for the three companies were the same as the quotes provided by the Benefits Group at the September meeting. Sanford will present the quotes to the Board at the November meeting for selection, ahead of the November 30, 2014 expiration date of the current Anthem policy.

Due to the timing of the health insurance renewal, the November meeting was moved up to November 4th at 6:00 pm in order to allow ample time to execute the required policy documents for the new policy.

Director Campbell moved to adjourn the meeting. Chairman Noel seconded. Motion carried.

Jim Boyd, Vice-Chairman

Earl Campbell, Secretary/Treasurer
