RE: Case No. 2014-00393

Dear Mr. Derouen:

Kentucky Rural Water Association has submitted a request for continuing education credit for workshops entitled "Sustainable Management of Rural and Small Water and Wastewater Systems Workshop" that will offer six (6) hours per session of continuing education credit. We have three of these workshops scheduled at this time:

Thursday, December 11, 2014
Central KY/Ag Expo Center
Liberty, Kentucky

Thursday, January 8, 2015
UK Research & Education Center
Princeton, Kentucky

Wednesday, January 14, 2015
Morehead Conference Center
Morehead, Kentucky

Our plan is to make these workshops available to utilities upon their request. If additional sessions are scheduled, we will re-submit an application to the Public Service Commission.

With this added information (specific dates and locations), we respectfully request that these three sessions be considered for approval of continuing education credit for water district commissioners. Please do not hesitate to contact our office if you have further questions.

Sincerely,

Janet Cole
Education Coordinator
