

b. Each response shall be answered under oath or, for representatives of a public or private corporation or a partnership or association or a governmental agency, be accompanied by a signed certification of the preparer or person supervising the preparation of the response on behalf of the entity that the response is true and accurate to the best of that person's knowledge, information, and belief formed after a reasonable inquiry.

c. Any party shall make timely amendment to any prior response if it obtains information which indicates that the response was incorrect when made or, though correct when made, is now incorrect in any material respect.

d. For any request to which a party fails or refuses to furnish all or part of the requested information, that party shall provide a written explanation of the specific grounds for its failure to completely and precisely respond.

e. When filing a paper containing personal information, Black Mountain shall, in accordance with 807 KAR 5:001, Section 4(10), encrypt or redact the paper so that personal information cannot be read.

Should documents of any kind be filed with the Commission in the course of this proceeding, the documents shall also be served on all parties of record.

*Complaints by corporations or associations, or any other organization having the right to file a complaint, must be signed by its attorney and show his post office address. No oral or unsigned complaints will be entertained or acted upon by the commission.

In the summer of 2006 our State Representative Tim Couch help to get money for Green Hills Water District for the Woodard Branch Project at the sum of \$250,000.00. Since then there has been more added to this amount being \$325,000.00 as of now.

At the time of this, Judge Joe Grishop said we would get water. But still no water. State Representative Tim Couch was still on board with us and helped to acquire money so it could not be used for anything else. We still have no water. Properties have been mined under all of us. Wells have been drilled. Still no water.

Green Hills Water District was so far in debt. We were told money could not be used to bail them out of debt. We were told that the money had to be used for the Woodard Branch Project only. Black Mountain Utilities District took over Green Hills Water District.

At a board meeting in March 2014, Bob Lee and Leo Miller told us all that we would get water. "Wheels turn slow but they do turn." Someone attends every board meeting that they have. In December 2014 Bob Lee made the commit that we would not get water.

I, Carold Craycraft, called State Representative Rick Nelson in November 2013 the first time. He said it was politics. He also said that if the water had been put in when this was first started that we would have enough money for the water project. In December 2014 I talked to State Representative Rick Nelson a second time and he said we would probably never get water.

I attended the board meeting in January 2015. Bob Lee told me that if we don't give this a brake that him and State Representative Rick Nelson would put the money in Evarts, Kentucky for water projects there. I asked if they could do that. He answered yes they can do almost anything they wanted to do. I told him that was wrong. That is the way we feel.

I also have a text message from Leo Miller on September 12, 2014 that water was on its way that he had talked to State Representative Rick Nelson. We still have no water.

Joe Grisop told me a long time ago that we would never get water. So far we haven't. Guess he was right.

All we are asking is that we get the water in 2015. Everyone needs water as well as electricity. Its not much to ask for since the money, or most of it, is already there.

Thank you very much.

Carold Craycraft

This is a petition for getting water for the Woodard Branch Project and the Dingo properties. The funds are available, or most of it. We need signatures and addresses of the ones desiring water put to their property.

APPENDIX B

APPENDIX TO AN ORDER OF THE KENTUCKY PUBLIC SERVICE
COMMISSION IN CASE NO. 2015-00038 DATED **FEB 06 2015**

1. State whether 499 Woodard Branch Road, Bledsoe, Kentucky, is a property within the scope of the Woodard Branch Waterline Extension – Green Hills System Rehabilitation project, Kentucky Water Resource Information System (“WRIS”) Project Number WX21095005. If not, explain.

2. State whether WRIS Project Number WX21095005 has been completed. If it has not been completed, explain why and provide the estimated date of completion.

3. State whether WRIS Project Number WX21095005 has been funded such that funds are currently available for use by or on behalf of Black Mountain. If WRIS Project Number WX21095005 has not been funded, indicate the status of the funding for the project including the steps that remain in obtaining funding and the anticipated date of funding.
