RE: ARF Application  
PSC Case No. 2015-00065  
Webster County Water District

Dear Mr. Derouen:

The Webster County Water District (District) respectfully requests an extension of time in which to file written comments concerning the PSC Staff Report dated May 28, 2015.

The District cannot prepare a meaningful response to the PSC Staff Report until it obtains a copy of the Depreciation Spreadsheet prepared by PSC Staff. The Staff Report changed the depreciable lives assigned to numerous water assets. The District is unable to determine, from the Staff Report itself, the specific service life assigned to each water asset.

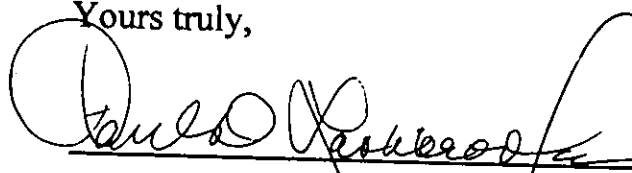

Once the District receives and reviews the Depreciation Spreadsheet, the District will likely request an Informal Conference with PSC Staff to discuss the Spreadsheet and the Staff Report.
