Commissioners:

As stated in your report Case No. 2015-00099. Richardsville Gas Co. Inc. is unable to comply with the regulations required of a natural gas public utility distribution system. We feel that we have exhausted all possible solutions to the supply issue. It is our regret that the people of Richardsville will no longer have natural gas available and hope they understand the issues that have resulted in this action.

I have enclosed a copy of the letter being mailed to all our customers.

We will appear before the commission, if necessary, but have no defense as we feel we have exhausted all possible solutions to this issue.

Sincerely,

P. Glenn Miller
