PEOPLES GAS KY LLC'S RESPONSES TO COMMISSION STAFF'S FIRST
REQUEST FOR INFORMATION

WITNESS SPONSORING ALL RESPONSES: DANNY BEVINS, SUPERVISOR, KENTUCKY GAS
OPERATIONS

1. Refer to Mark S. Carter's April 30, 2015 complaint letter ("Carter letter") and to the July 1, 2015 Answer of Peoples Gas KY, LLC ("Answer"). State whether it is the understanding of Peoples that the complainant is eligible to receive gas service pursuant to KRS 278.485 and 807 KAR 5:026, the statute and regulation governing the provision of service from gas pipeline companies obtaining gas from producing wells to owners of property on or over which any producing well or gas gathering pipeline is located or whose property and point of desired service is within one-half air-mile ("farm tap service").

ANSWER: Peoples Gas KY LLC (hereinafter "Peoples") does not own, operate or control any pipelines or wells within the Commonwealth of Kentucky, nor is Peoples affiliated with any Company that owns, operates or controls any pipelines or wells within the Commonwealth of Kentucky. In order to provide natural gas to an applicant, Peoples must obtain a tap from EQT Gathering LLC ("EQT"). As Peoples does not own, operate or control any pipelines or wells which may cross, or be in the vicinity of Complainant's property, Peoples is without sufficient knowledge to make a determination as to the eligibility of the Complainant, or any other potential applicant, to obtain farm tap service if such tap application is denied by EQT. In the case of Mr. Carter's request for natural gas service, Peoples submitted an application to EQT, on behalf of the complainant, seeking approval for a tap on well line WL-127411. The application was denied for the reason that system constraints would adversely affect

EQT's operations. Subsequent to receiving this data request, Peoples and EQT have further discussed the tap application and EQT has approved the application, effective 9/24/2015.

a. If so, state whether it is the understanding of Peoples that KRS 278.485 requires that eligible property owners be provided farm tap service if it is requested and that the request cannot be refused unless the producing gas well or gathering pipeline is abandoned or is subject to federal jurisdiction.

ANSWER: Please refer to the Company's answer to Question 1.

b. If so, provide an explanation of the denial of farm tap service to the complainant. The explanation should include copies of any correspondence or email messages from EQT Production ("EQT") relating to the basis for the denial referenced in the Answer.

ANSWER: Peoples is without specific knowledge necessary to explain the precise reason why EQT initially denied farm tap service as requested for Complainant's premises. As stated on the attached correspondence from EQT, the tap was denied due to constraints that will adversely affect EQT's operations. Peoples believes the constraints may include operational issues such as the gathering system is fed by a low producing well and/or the gathering system is an isolated system with no backflow capacity. Please refer to the Company's answer to Question 1 which describes that the tap has now been approved.

c. If the denial of farm tap service is due to any reason other than the abandonment of the gas well or gathering pipeline, or their being under federal jurisdiction, state whether it is Peoples' understanding that the denial is in violation of KRS 278.485

ANSWER: Peoples is unable to determine whether there has been a violation of KRS 278.485, as that is a legal opinion to be best determined by this Commission.

d. If the denial of farm tap service to an eligible customer is due to any reason other than the abandonment of the gas well or gathering pipeline, or their being under federal jurisdiction, and if the eligible customer continues to be denied service, state what entity, in the

opinion of Peoples, would most appropriately be the subject of a subsequent Commission investigation to determine possible penalties.

ANSWER: Peoples believes this is a legal opinion to be best determined by this Commission.

e. Clarify whether EQT denied the request for farm tap service and that EQT itself was not denied by another entity as implied by statement 3 of the Answer.

ANSWER: EQT initially denied the tap application on August 8, 2014 and again on February 5, 2015. Peoples does not believe that EQT was denied by another entity as the request was made by Peoples to EQT and denied to Peoples by EQT. However, Peoples is without specific knowledge as to whether EQT has sought farm tap service from other entities.

2. Provide copies of all contracts between Peoples and EQT and any affiliate of EQT.

ANSWER: There are no contracts between Peoples and EQT, or any affiliate of EQT, as related to the provision of farm tap service in Kentucky; however, please refer to the attached Reimbursement, Construction, Ownership and Operations Agreement between Peoples Natural Gas Company LLC, as successor-in-interest to Equitable Gas Company, LLC and EQT for farm tap interconnections in Kentucky.

3. Describe the process to request a farm tap service from EQT. Provide copies of all correspondence and electronic mail messages between Peoples and EQT concerning this request for farm tap service.

ANSWER: Upon a request for newly established service from an applicant, Peoples completes a new tap application for service on behalf of the applicant and submits the request to EQT for review and approval or denial. Applications were made by Peoples to request service at 1376 Taylor Fork, Turkey Creek, KY on June 18, 2014 on behalf of Mark Carter and on December 26, 2015 on behalf of Debra Carter. Both applications were denied by EQT. The applications and all correspondence regarding the applications are attached hereto.

4. Describe the gathering-line-system to which the farm tap service connection was denied and provide a map with details including the size of the pipelines and locations of gas wells.

ANSWER: As Peoples does not own, operate or control the gathering line system to which the farm-tap service connection was denied, it does not have specific details necessary to describe the gathering-line system. Peoples is aware of the general location of the gathering-line system and the name of the well-line, which is known as EQT well line WL-127411. A copy of a map depicting the well line is attached hereto.

5. State whether the gathering line system is connected to the systems subject to Case Nos. 2015-00185 and 2015-00186.

ANSWER: No.

6. State whether any customer(s) eligible for farm tap service, other than those represented by this complaint and by those that are the subject of Case Nos. 2015-00185 and 2015-00186 have been denied service. If so, state how many and provide details concerning each denial.

ANSWER: As Peoples does not own, operate or control any pipelines or wells which may cross, or be in the vicinity of, an applicant's property, Peoples is without sufficient knowledge to make a determination as to the eligibility of any applicant to obtain farm tap service via a tap on EQT's pipeline system. Peoples will provide natural gas service to an applicant for which a tap into a nearby pipeline system is available and is granted by the pipeline's owner.

7. With regard to the complainants claim that he originally received an approved application for service from EQT, state whether it is Peoples' understanding that EQT now or previously provided farm tap service to end-use customers other than through Peoples.

ANSWER: Peoples is the successor to Equitable Gas Company ("Equitable"), and Peoples is aware that an affiliate of Equitable previously provided gas supply for farm tap service provided by Equitable. Peoples is, however, without specific knowledge as to whether EQT

now, or previously, provided farm tap service to end-use customers through any entity/person other than Peoples.

8. With regard to the complainant's claim that he returned an application for service to "100 EQT Way, KY.", state whether Peoples has ever conducted business at this location.

ANSWER: Peoples never conducted business at "100 EQT Way".

a. If so, state whether Peoples was conducting business at this location on June 4, 2014.

ANSWER: No.

b. If so, provide the name, address, and current employment status of any employee or contractor of Peoples assigned to work at that location on that date.

ANSWER: N/A.

c. Is not, state whether EQT or another entity was conducting business at this location on June 4, 2014.

ANSWER: Peoples believes that EQT, or an affiliate of EQT, maintains an office at 100 EQT Way, however, Peoples is without knowledge sufficient to discuss the business that may be conducted by EQT at this address.

9. With regard to the complainant's claim that other applicants for farm tap service were provided service subsequent to his request for service's being denied, state whether this is correct, and if so, how the circumstances surrounding those customers' receipt of service differ from that of complainant.

ANSWER: Peoples has not obtained any new taps on well line WL-127411 subsequent to Complainant's request for service being denied in 2014 and 2015. Peoples has provided farm tap service subsequent to complainant's complaint to applicants served from other

lines owned by EQT. Peoples is without sufficient knowledge to discuss whether other persons in the vicinity may have received taps and/or service from other gathering companies or well production companies.

BETWEEN

EQT Gathering, LLC

AND

EQUITABLE GAS COMPANY, LLC

THIS AGREEMENT is made and entered into as of this 17th day of December 2013, by and between EQT Gathering, LLC, having its headquarters located at 625 Liberty Ave, Suite 1700, Pittsburgh, PA 15222 (hereinafter referred to as "Company"), and Equitable Gas Company LLC, the interconnecting party, with its headquarters located at 225 North Shore Drive, Pittsburgh, PA 15212 (hereinafter referred to as "Customer"). Company and Customer are also referred to herein individually as a "Party" and collectively as the "Parties".

WITNESSETH

WHEREAS, Company gathers natural gas through its pipeline facilities located in eastern Kentucky and,

NOW THEREFORE, in consideration of the mutual covenants contained herein, and with the intent to be legally bound hereby, Company and Customer agree that, unless otherwise specifically noted, Company and Customer will perform the functions and assume the responsibilities as detailed and provided by this Agreement.

ARTICLE I

LOCATION, OWNERSHIP AND OPERATION OF FARM TAP INTERCONNECT FACILITIES

1.01 Interconnect Facilities. The Interconnect shall consist of the installation of those facilities required to deliver gas to the Customer, together such facilities collectively comprising the "Interconnect Facilities." Customer is fully responsible for determining the design of the Interconnect Facilities necessary to provide safe and reliable distribution service to Farm Tap Customers. Such Interconnect Facilities shall consist of accurate gas measurement facilities and in some cases may also consist of the following:

- (a) line tap;
- (b) certain piping between the hot tap valve flange and insulated/welded tie-in connection; and
- (c) pressure regulation and control;
- (d) overpressure protection;
- (e) odorization; and
- (f) heaters

1.02 Location. The Interconnect(s) shall be located at existing site as of the date of this agreement. In the event it is determined that it is necessary to relocate a meter so that it is closer to Company's facilities due to high lost and unaccounted for gas, Customer shall be responsible for all costs associated with the relocating the meter or replacing the pipeline extending from Company's facilities.

1.03 Customer Responsibilities. With the exception of the line tap, the Interconnect Facilities shall be owned, operated, and maintained by Customer. The pipeline from the line tap to the Interconnect Facilities is also to be owned, operated, and maintained by Customer.

1.04 **Reimbursement.** All current and future costs associated with operation, maintenance and modification of Farm Tap Interconnect Facilities shall be the Customer's responsibility.

1.05 **System Modifications.** Nothing in this agreement shall preclude Company from modifying or relocating its facilities. Any costs to maintain service to Farm Tap Customers as a result of the Company's system modifications or relocation of assets is solely the responsibility of Customer. Company will provide Customer with advance notification of no less than six (6) months prior to any modification or relocation of its facilities that will affect the provision of service to Customer.

ARTICLE II **MEASUREMENT AND GAS QUALITY**

2.01 **Farm Tap Measurement Quantities.** Customer is responsible for providing to Company the calendar month measurement volumes (in Mcf) for each existing and any future additional Farm Tap Customers interconnected with Company's systems. The monthly quantities will be provided in an electronic format as designated by Company for each individual Farm Tap Customer by the 5th day of the month following the month in which gas flowed to customers. In the event service to a Farm Tap Customer is suspended or terminated, Customer will provide notice to Company within 5 days of suspension or termination. Company will be responsible for assigning a BTU value to the gas delivered to Farm Tap Customer to arrive at a monthly Dth consumption and shall provide to Customer, at Customer's request, supporting documentation regarding the calculation of a BTU value.

2.02 **Audit Rights:** Company shall have the right to perform annual audits on the monthly volumes provided by Customer to ensure accuracy of the data submitted.

2.03 **Meter Calibration:** All Farm Tap Meters must be calibrated or replaced by Customer every 10 years to ensure accuracy of measurement. Customer will invite Company to witness calibration test of Farm Tap Meters. In the event a Farm Tap Meter is showing volumes that are not in line with historical weather adjusted consumption, Company can request the meter be calibrated and Customer shall comply with such request.

2.04 **Separate Agreements for Gas Deliveries.** Customer agrees to execute all applicable gas delivery agreements with Company prior to receiving gas from Company's pipeline system.

2.05 **Interconnect Access.** Each Party agrees to grant the other access to all Farm Taps situated along the pipeline rights of way for the purpose of meter reading, operations and maintenance of the Interconnect Facilities and service line to end use customers.

If any provision of this Agreement is held invalid, illegal, unenforceable or in conflict with any Pennsylvania law, the Parties shall meet promptly and negotiate in good faith a replacement provision to effectuate the intent of the Parties.

5.08 **Waiver.** Any waiver by either Party of performance due by the other Party under the terms of this Agreement shall not operate as a waiver of any or all of such Party's rights with respect to all prior or subsequent obligations of the other Party.

5.09 **Entire Agreement.** This Agreement, as amended from time to time, constitutes the entire agreement between the Parties and supersedes all previous offers, negotiations, understandings and agreements between the Parties with respect to the subject matter hereof. There are no agreements, modifications, conditions or understandings, written or oral, expressed or implied, pertaining to the subject matter of this Agreement which are not contained in this Agreement.

5.10 **Term.** This Contract shall become effective upon its execution by both Company and Customer and shall continue in force from the date Gas is first delivered unless terminated by either Party at least thirty (30) days prior written notice.
