PEOPLES GAS KY LLC'S RESPONSES TO COMMISSION STAFF'S FIRST
REQUEST FOR INFORMATION

WITNESS SPONSORING ALL RESPONSES: DANNY BEVINS, SUPERVISOR, KENTUCKY GAS
OPERATIONS

1. Refer to James R. Collin's April 30, 2015 complaint letter ("Collins letter") and to the July 1, 2015 Answer of Peoples Gas KY, LLC ("Answer"). State whether it is the understanding of Peoples that the complainant is eligible to receive gas service pursuant to KRS 278.485 and 807 KAR 5:026, the statute and regulation governing the provision of service from gas pipeline companies obtaining gas from producing wells to owners of property on or over which any producing well or gas gathering pipeline is located or whose property and point of desired service is within one-half air-mile ("farm tap service").

ANSWER: Peoples Gas KY LLC (hereinafter "Peoples") does not own, operate or control any pipelines or wells within the Commonwealth of Kentucky, nor is Peoples affiliated with any Company that owns, operates or controls any pipelines or wells within the Commonwealth of Kentucky. In order to provide natural gas to an applicant, Peoples must obtain a tap from EQT Gathering LLC ("EQT"). As Peoples does not own, operate or control any pipelines or wells which may cross, or be in the vicinity of Complainant's property, Peoples is without sufficient knowledge to make a determination as to the eligibility of the Complainant, or any other potential applicant, to obtain farm tap service if such tap application is denied by EQT. In the case of Mr. Preston's request for natural gas service, Peoples submitted an application to EQT, on behalf of the complainant, seeking approval for a tap on well line WL-745315 for a premise located at 54 Collins Heights in Kite, KY. The application was denied for the

reason that system constraints would adversely affect EQT's operations. Subsequent to receiving this data request, Peoples and EQT have further discussed the tap application and EQT has approved the application, effective 9/24/2015. (Please note, Mr. Collins' also submitted applications for premises located at 155 Collins Heights, Kite, KY; 106 Collins Heights, Kite, KY and 42 Collins Heights, Kite, KY. This still would require only 1 tap. Peoples KY will provide 4 meters.)

a. If so, state whether it is the understanding of Peoples that KRS 278.485 requires that eligible property owners be provided farm tap service if it is requested and that the request cannot be refused unless the producing gas well or gathering pipeline is abandoned or is subject to federal jurisdiction.

ANSWER: Please refer to the Company's answer to Question 1.

b. If so, provide an explanation of the denial of farm tap service to the complainant. The explanation should include copies of any correspondence or electronic mail ("email") messages from EQT Production or any affiliate ("EQT") relating to the basis for the denial referenced in the Answer.

ANSWER: Peoples is without specific knowledge necessary to explain the precise reason why EQT initially denied farm tap service as requested for Complainant's premises. As stated on the attached correspondence from EQT, the tap was denied due to constraints that will adversely affect EQT's operations. Peoples believes the constraints may include operational issues such as the gathering system is fed by a low producing well and/or the gathering system is an isolated system with no backflow capacity. Please refer to the Company's answer to Question 1 which describes that the tap has now been approved.

c. If the denial of farm tap service is due to any reason other than the abandonment of the gas well or gathering pipeline or their being under federal jurisdiction, state whether it is Peoples' understanding that the denial is in violation of KRS 278.485

ANSWER: Peoples is unable to determine whether there has been a violation of KRS 278.485, as that is a legal opinion to be best determined by this Commission.

d. If the denial of farm tap service to an eligible customer is due to any reason other than the abandonment of the gas well or gathering pipeline or their being under federal jurisdiction, and if the eligible customer continues to be denied service, state what entity, in the opinion of Peoples, would most appropriately be the subject of a subsequent Commission investigation to determine possible penalties.

ANSWER: Peoples believes this is a legal opinion to be best determined by this Commission.

e. Confirm that EQT denied the request for farm tap service and that EQT itself was not denied by another entity as implied by statement 3 of the Answer.

ANSWER: EQT initially denied the tap application on April 9, 2015. Peoples does not believe that EQT was denied by another entity as the request was made by Peoples to EQT and denied to Peoples by EQT. However, Peoples is without specific knowledge as to whether EQT has sought farm tap service from other entities.

2. Provide copies of all contracts between Peoples and EQT or any affiliate of EQT.

ANSWER: There are no contracts between Peoples and EQT, or any affiliate of EQT, as related to the provision of farm tap service in Kentucky; however, please refer to the attached Reimbursement, Construction, Ownership and Operations Agreement between Peoples Natural Gas Company LLC, as successor-in-interest to Equitable Gas Company, LLC and EQT for farm tap interconnections in Kentucky.

3. Describe the process to request a farm tap service from EQT. Provide copies of all correspondence and electronic mail messages between Peoples and EQT concerning Mr. Collin's request for farm tap service.

ANSWER: Upon a request for newly established service from an applicant, Peoples completes a new tap application for service on behalf of the applicant and submits the request to EQT for review and approval or denial. An application was made by Peoples to

request service at 54 Collins Heights, Kite, Kentucky on January 16, 2015 on behalf of James Collins. The application was denied by EQT. The application and all correspondence between Peoples and EQT regarding the application is attached hereto.

4. Describe the gathering-line-system to which the farm tap service connection was denied and provide a map with details including the size of the pipelines and locations of gas wells.

ANSWER: As Peoples does not own, operate or control the gathering line system to which the farm-tap service connection was denied, it does not have specific details necessary to describe the gathering-line system. Peoples is aware of the general location of the gathering-line system and the name of the well-line, which is known as EQT well line WL745315. A copy of a map depicting the well line is attached hereto.

5. State whether the gathering line system is connected to the systems subject to Case Nos. 2015-00184 and 2015-00185.

ANSWER: No.

6. State whether any customer(s) eligible for farm tap service, other than those represented by this complaint and by those that are the subject of Case Nos. 2015-00184 and 2015-00185 have been denied service. If so, state how many and provide details concerning each denial.

ANSWER: As Peoples does not own, operate or control any pipelines or wells which may cross, or be in the vicinity of, an applicant's property, Peoples is without sufficient knowledge to make a determination as to the eligibility of any applicant to obtain farm tap service via a tap on EQT's pipeline system. Peoples will provide natural gas service to an applicant for which a tap into a nearby pipeline system is available and is granted by the pipeline's owner.

7. Refer to the Collins letter and the claim that EQT and Peoples refuse to "connect natural gas, gas line on property." State whether there is an existing gas line on the Collin's property.

ANSWER: Peoples does not own, operate or control any pipelines that cross, or be in the vicinity of, an Mr. Collin's property. Peoples believes EQT well line WL745315 is located on, or within the vicinity of, Mr. Collin's property.

8. With regard to the Complaint, state whether it is Peoples' understanding that EQT now or previously provided farm tap service to end-use customers other than through Peoples.

ANSWER: Peoples is the successor to Equitable Gas Company ("Equitable"), and Peoples is aware that an affiliate of Equitable previously provided gas supply for farm tap service provided by Equitable. Peoples is, however, without specific knowledge as to whether EQT now, or previously, provided farm tap service to end-use customers through any entity/person other than Peoples.

9. Refer to the letter from David W. Reiss, EQT, to Sandra Condie, Peoples Natural Gas, dated February 17, 2015, regarding a new capacity request for James R. Collins, a copy of which is attached hereto and incorporated herein as "Appendix A."

a. Is Sandra Condie currently employed by Peoples? Was she employed by Peoples on February 17, 2015? If so to either, state in what capacity she was employed.

ANSWER: Ms. Condie is no longer and employee of Peoples, having retired on May 7, 2015. On February 17, 2015, Ms. Condie was employed by Peoples as a Senior Gas Distribution Account Representative.

b. Mr. Reiss's letter states, "Peoples Natural Gas' request for a new meter tap into EQT Gathering, LLC's ("EQT") Line #N2 is denied." Describe the function and location of Line #N2 with regard to the Collins property? Has this line been abandoned? Is this line subject to federal jurisdiction?

ANSWER: Information regarding Line # N2 is irrelevant in the current proceeding, as Peoples made an error in the application process and inadvertently submitted a request to tap into line N-2, when the actual line that it sought to tap into was line WL745315.

c. How does Peoples interpret EQT's denial of service to the Preston property "[d]ue to constraints that will adversely affect its operation"?

ANSWER: Please refer to the Company's answer to Question 1(b).

d. Mr. Reiss's letter further state that EQT is "unable to accommodate the requested volume at this time." What was the "requested volume" referenced?

ANSWER: Peoples did not specify in its application the volume of use it anticipated. Peoples cannot speak for EQT, but would assume this is standard language in a letter sent for a rejected tap application, as the language appears on each letter it has received from EQT.

10. Refer to the letter from David W. Reiss, EQT, to Tena Noble, Peoples Natural Gas, dated April 8, 2015, regarding a new capacity request for James R. Collins, a copy of which is attached hereto and incorporated herein as "Appendix B."

a. Is Tena Noble currently employed by Peoples? Was she employed by Peoples on April 8, 2015? If so to either, state in what capacity she was employed.

ANSWER: Tena Noble is currently employed by Peoples and was employed by the Company on April 9, 2015. Ms. Noble is an Administrative Coordinator for Peoples.

b. Mr. Reiss's April 8, 2015 letter states, "Peoples Natural Gas' request for a new meter tap into EQT Gathering, LLC's ("EQT") Line WL745315 is denied." Is Line WL745315 the same line that is referred to as Line #N2 in Mr. Reiss' February 17, 2015 letter? Was Mr. Reiss's April 8, 2015 letter in response to a different request made by Peoples for a new meter tap for the Collins property?

ANSWER: Please see the response to #9b above.

c. If Line WL745315 is different from Line #N2, describe its function and its location with regard to the Collins property. Has this line been abandoned? Is this line subject to federal jurisdiction?

ANSWER: As Peoples does not own, operate or control the gathering line system to which the farm-tap service connection was denied, it is not aware of the specific function of Line #WL745315. It is Peoples belief that this line has not been abandoned and it is not subject to federal jurisdiction. Refer to the Company's answer to Question 4 for maps depicting the location of Line #WL745315.

2.04 **Separate Agreements for Gas Deliveries.** Customer agrees to execute all applicable gas delivery agreements with Company prior to receiving gas from Company's pipeline system.
