INTRA-AGENCY MEMORANDUM

KENTUCKY PUBLIC SERVICE COMMISSION

TO: Case File

FROM: Quang D. Nguyen, Staff Attorney 

DATE: February 3, 2016

RE: Case No. 2015-00311
Application of Inter-County Energy Cooperative Corporation for Approval
of a Prepay Service Tariff

Pursuant to the January 25, 2016 Commission Staff Notice, a telephonic informal conference ("IC") was held on January 27, 2016. The purpose of the informal conference was to discuss certain outstanding issues relating to the application. A list of the attendees is attached hereto.

At the start of the IC, Commission Staff noted that Inter-County Energy Cooperative Corporation's ("Inter-County") application requested a deviation from 807 KAR 5:006, Section 7, which, according to Inter-County, required a paper bill to be mailed to its customers. Commission Staff stated that 807 KAR 5:006, Section 7 does not impose such a requirement. Commission Staff noted that 807 KAR 5:006, Section 7(1)(a) does require certain information to be shown on a bill, i.e., the date the bill was issued, class of service, present and last preceding meter reading, date of present meter reading, all taxes, applicable adjustments, the gross amount of the bill, and the date after which a penalty may apply to the gross amount. Commission Staff further noted that Inter-County did not request a deviation from the informational requirements but that other East Kentucky Power Cooperative, Inc.'s distribution cooperatives that have implemented a prepay metering program have sought and received such a deviation. After a discussion on this issue, Inter-County indicated that it would amend its deviation request to request a deviation from 807 KAR 5:006, Section 7 regarding the posting of certain information on a prepay customer's bill.

There being no further discussions, the IC was adjourned.
