Re: Case No. 2015-00377
Before the Kentucky Public Service Commission

Dear Mr. Allen,

It was a pleasure to speak with you today. Confirming our discussion, it is my understanding that you no longer have any questions or any opposition concerning the construction of the planned cell phone tower near 124 Charles Back Road, Whick, Breathitt County, Kentucky. By letter dated March 22, 2016, we provided to you a copy of the the map that was attached as Exhibit 10 to Appalachian Wireless's application filed with the Public Service Commission, which shows property boundaries according to the information obtained from the Breathitt County Property Valuation Administrator's ("PVA") records, as well as the tower location. Upon review of this information, you contacted me and advised that you do not have any questions or issues concerning the tower and that you no longer need to meet with one of our representatives on site.

We sincerely appreciate you contacting us after receipt of our letter, and we are very pleased that you no longer have any concerns about this project. If you should need anything further, please do not hesitate to contact us.

Very truly yours,

Cindy D. McCarty
