In re: Pinewood Subdivision Inc.

Case No. 2015-0383

Dear Linda,

Earlier today, I received a deficiency letter from your office. I called the PSC and spoke with Jonathan Beyer, regarding the correction of the two deficiencies. He informed me that the second deficiency could be cured at a later time during the determination process when requests for additional information were sent out. My intent is to cure the first deficiency with this letter instead of with amending the Petition.

As such, this letter is to serve as my verification that all of the statements contained in the Petition and exhibits submitted with the Petition (No. 2015-0383) are true and correct to the best of my knowledge and belief. Further, that I serve as the counsel for Pinewood Subdivision Inc. and that I prepared the Petition and collected all of the exhibits and submitted them with the petition. To the best of my knowledge and belief, the proposed transaction is in accordance with law, is for a proper purpose, and is consistent with the public interest.

If you need any additional information or if this Application and associated documents are incomplete, please notify me at the address or phone number listed above.

Yours truly,

A handwritten signature in black ink that reads "Andrew W. Wood". The signature is written in a cursive style with a large initial 'A' and 'W'.
