Public Service  
Commission

Dear Public Service Commission:

This letter is in response to the proposed rate increase request by the Kentucky-American Water Company. I am opposed to their request for a 17.5% residential increase. I feel this increase is excessive. My own income has not risen that much over the past 3 years, nor has it increased for my family and friends. Therefore, such an increase will put a financial burden on me and on my family. We must learn to live within our own means and income, and Kentucky-American should also. I would support a much more modest increase, such as 5%, but am opposed to a 17% increase.

Sincerely,

A handwritten signature in cursive script, appearing to read "Mark S. Damron", followed by a long horizontal flourish line.
