TO AIRVIEW UTILITIES, LLC

Airview Utilities, LLC ("Airview"), pursuant to 807 KAR 5:001, is to file with the Commission the original and eight copies of the following information, with a copy to all parties of record. The information requested herein is due no later than November 30, 2016. Responses to requests for information shall be appropriately bound, tabbed and indexed. Each response shall include the name of the witness responsible for responding to the questions related to the information provided.

Each response shall be answered under oath or, for representatives of a public or private corporation or a partnership or association or a governmental agency, be accompanied by a signed certification of the preparer or person supervising the preparation of the response on behalf of the entity that the response is true and accurate to the best of that person's knowledge, information, and belief formed after a reasonable inquiry.

Airview shall make timely amendment to any prior response if it obtains information which indicates that the response was incorrect when made or, though correct when made, is now incorrect in any material respect. For any request to which Airview fails or refuses to furnish all or part of the requested information, Airview shall

provide a written explanation of the specific grounds for its failure to completely and precisely respond.

Careful attention should be given to copied material to ensure that it is legible. When the requested information has been previously provided in this proceeding in the requested format, reference may be made to the specific location of that information in responding to this request. When filling a paper containing personal information, Airview shall, in accordance with 807 KAR 5:001, Section 4(10), encrypt or redact the paper so that personal information cannot be read.

1. Refer to Airview's Answers to Post-Hearing Data Requests, Item 1, Attachment A. For the Hazelrigg & Cox, LLP invoice submitted to Marty Cogan, Airview, dated November 6, 2013, describe what the \$4,177.28 "previous balance" amount represents (i.e., describe the work performed or services rendered associated with this amount). Supply the documentation supporting the description of the amount.

2. Refer to Airview's Answers to Post-Hearing Data Requests, Item 2, Attachment B. Supply all supporting source documentation for each loan amount listed and each loan amount paid, including but not limited to journal entries, cancelled checks, correspondence (including electronic mail messages), and receipts. Additionally, for each loan, describe the reason for the loan, including the application of the loan funds by Airview.

3. Refer to Airview's Answers to Post-Hearing Data Requests, Item 3. Identify each person who has possession of any of the books and records of Airview, including but not limited to customer account information, correspondence with the Kentucky Division of Water ("DOW"), and correspondence with vendors.

4. Refer to Airview's Answers to Post-Hearing Data Requests, Item 4, and Lawrence Smither's testimony during the October 12, 2016 hearing.

a. Mr. Smither testified that the wastewater treatment plant serving the Airview system, which was installed in 1969, was meant to be a temporary solution to provide service for 20 to 25 years.¹ He further identified a need either for the Airview system to be connected to a regional system or for the existing wastewater treatment plant to be replaced.² State whether Airview asked Eric M. Carrico, PE, to include an analysis of an interconnection with a regional system as part of his March 2016 report. If it did not request Mr. Carrico to include an analysis of an interconnection, state why it did not make the request.

b. Identify the steps necessary for an interconnection of the Airview system with the Elizabethtown system and provide a cost estimate for each step.
