RE: Licking Valley RECC
Application for Certificate of Public Convenience and Necessity
– Automated Metering Infrastructure System

Dear Mr. Derouen:

Enclosed are the original and 10 copies of Licking Valley RECC's Application for an Order granting a Certificate of Public Convenience and Necessity regarding a program to install an Automated Metering and Infrastructure System.

Licking Valley RECC is asking for the Kentucky Public Service Commission for an expedited review of this matter. Our Meter pilot project (Case No. 2012-00013) is complete and we would like to move forward with installation system wide AMI/RF metering technology. Our most pressing problem is the inability to offer prepay metering and Direct Load Control to all of our members.

Sincerely,

Kerry K. Howard
General Manager/CEO
