

<sup>Lneez</sup>  
Debord, Ky  
June 21, 2017

Dear Ky Public Service Commission

This letter is to say that in Martin Co, Lneez, Warfield, Ky we have water that we are not able to drink and what we can use it for is limited. Our officials have met with you and not any thing has been done. what is being done with the money we pay? if you cannot help us at least do not raise our rates we already pay for water that is worthless. This letter is in reference to case No. 2016-00142  
Investigate this case

Sincerely  
Robert D Preece
