P.S.C. case 2016-00154

DEC 8 2016

To: Talina R. Mathews Exec. DIR. Ky. P.S.C.

Public Service Commission

In response to your Nov. 16, 2016 letter pertaining to Ky. P.S.C. Complaint 2016-00154, and also North Mercer Water District's (NMWD) request to drop my complaint (Ron McGinnis) against them. (Response letter from NMWD's Atty-Thomas Jones dated Oct. 10, 2016 to P.S.C. & MR. McGinnis.); This response letter as well as original court summons (from Sheriff) dated 03/18/16 were delivered (mailed) to the service address 244 Cap Bottom Lane (110 acre farm).

MR McGinnis has never lived at that address or had mail delivery there. Two other letters from NMWD & MR. Jones were sent to ²⁴⁴Cap Bottom - P.O. 538 - May 13, '16 (postmark = May 19, 2016) & 2nd letter sent to correct P.O. Box 538 (see info copy #1) Sept. 20, 2016. All billings by NMWD were received by myself at correct. (P.O. Box 538). Why all the different addresses used by MR. Jones? - Deception & delay tactics! Their response letter (Oct. 10, '16) was not found until Oct. 25; random, not regular mail box checked at that address - 244 Cap Bottom Lane. I notified P.S.C. staff, Jenny Smith, by phone of NMWD & Atty. Jones' non-address mailings.

I attempted to solicit customer info service accts. data from Bluegrass Energy (Electric Coop) of Nicholasville, Ky & NMWD (Water) of Mercer Co. Salvisa, Ky. Due to the Privacy Act, they can't release the needed info on the tenants accts.

I contacted County Atty. Ted Dean's office & was told he was on 2 wks. vacation til Dec 5. A subpoena is needed for the (2) utilities to release my info. Please grant me an extension on case 2016-00154?
