Dear Cole:

On behalf of Louisville Water Company, thank you for attending the meeting of our wholesale customers and regional partners earlier this month. We hope you found the information we shared beneficial. Going forward we are considering a workshop type meeting, that will allow full participation by our wholesale customers as well as our regional partners.

As previously discussed at the above meeting, the wholesale commodity charge effective July 1, 2016 will be \$1.85 per thousand gallons, plus an elevated service area surcharge of \$0.35 per thousand gallons, for a total wholesale rate of \$2.20 per thousand gallons.

We are planning to file the necessary documentation for this new rate with the Public Service Commission (PSC) over the next few weeks. The PSC has advised us in the past that we must inform you of the proposed rate increase in the format of the notice attached on the next page, although we have already provided you notice at our wholesale customer meeting March 8, 2016.

Thank you again for attending our wholesale customer meeting. I appreciate the opportunity for feedback from this important customer group. If you have any questions or need additional information please call Patti Kaelin at 502.569.0843, or Jim Smith at 502.569.3687. I can also be reached at 502.569.3675.
