RE: Formal Application for Revision in Non-recurring Charges

This application is to revise certain non-recurring charges for McKinney Water District. Attached are the meeting minutes, legal notice, cost justification forms and supporting documentation.

The District is not requesting a water rate increase at this time. However, the District can no longer absorb increased costs attributable to these non-recurring charges. The customers affected by these increases will be the customers that cause the District to incur these additional expenses.

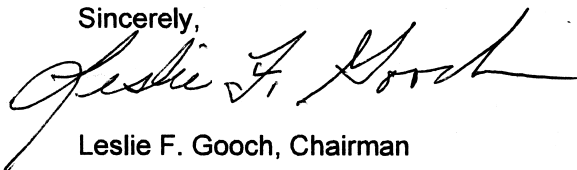

The additional revenue generated from the proposed tariff revisions does not exceed by five (5) percent the total revenues provided by all miscellaneous and non-recurring charges for a recent twelve (12) month period.

The District has previously filed income statements and balance sheets with the Public Service Commission that are currently on file with the Commission.

The District has notified customers of the requested non-recurring charge revision by newspaper advertisement which ran for three consecutive weeks. A copy of the legal notice, tear sheet and affidavit is included with this tariff filing. You will notice that the effective date of differs from the advertised date. We had an issue with the postal service and only recently realized that our application was not delivered.

A copy of this application and related filings has been filed with the Office of the Attorney General, 1024 Capital Center Drive, Suite 200 Frankfort, Kentucky 40601.

Sincerely,

Leslie F. Gooch, Chairman
