NEW BUSINESS

Purchased Water Rate Adjustment:

The Board was informed that Wood Creek Water District was approved by the Public Service Commission for an increase in its water service rates. The cost of water purchased from Wood Creek Water District will increase from \$2.92 per 1,000 gallons to \$3.42 per 1,000 gallons. After discussion, the Board decided that a purchased water rate adjustment needs to be done to absorb the increased cost of water purchases. The purchased water adjustment form indicates that an increase of \$0.73 per 1,000 gallons will be needed to cover the increased water purchase cost. A motion was made by Dennis Minton to authorize the filing of a purchase water rate adjustment application with the Public Service Commission. Motion was seconded by Bobby Anders. Motion carried with each commissioner voting aye.
