RE: Case No 2016-00326

Dear Mr. Mathews

This is in response to your
letter dated January 5, 2017.

This Matter of Concern came to our
attention when a title search
was done by an attorney for
the Kentucky Dept. of Transportation.

As of this date we have not
initiated any legal action to obtain
our interest in the subject property.
It will be almost impossible to
obtain a order from a Court or
document's demonstrating ownership
of property is being disputed before
a Court of Law within next 20
days or by 1-25-2017. mainly

due to needing adequate time
to obtain legal council and
some other issues going on
at this time.

It appears that when a permit
is applied for by East Kentucky
Network, LLC they should have
to certify ownership of location
to protect their interest. They
could issue a title opinion or
search to verify ownership.

We plan to initiate legal
action to determine our interest
in property but will not be within
next 30 days due to some other
pressing issues.

I am aware of the fact that
the Commission does not get involved
in property disputes, however I
feel you need to know about
the reason for our concern
and request for intervention
in this matter.

If needed or wanted I will be
glad to furnish copies of my
parents' final divorce decree along
with copies of deeds.

Thanks You

Thomas W. Keith
