To PSC Comm.

I got this notice from Nalin Rural Electric where they filed Case no. 216-00367. Seems like electric rates have been going up with the new president coming in I feel like some of the restrictions will be eliminated I am a Senior Citizen on a fixed income its hard enough to pay what they are charging now. Please do not let them raise the rates

Sincerely  
Carroll Vinson  
Nalin member,
