Dear Public Service Commission

I am writing to see why everytime our L&E + Water Co Aske for a rate increase you always give it to them?

Befer giving them more of our money, maybe you should see how much they get payed + bonuses themselves.

Our income is 1015⁰⁰ our med insurance is always 600⁰⁰

I am 77 and my husband is 80 we keep our heat set at ~~68~~ 68°

we put on warm cloths day + Night.

I don't see how you all can live with yourself knowing the elderly + Poor are barely getting by.

Try for once to help the people instead of company.

Thank you
Mr. & Mrs. Elmer Lusk
