RECEIVED

FEB 7 2017

Public Service  
Commission

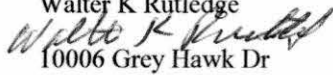

I am writing you about the recent increase by L G & E in my monthly gas and electric bill.

My previous bill was \$103.83 The bill I received for the last period was \$210.27 which more than double the previous bill.

I am asking you to not approve this outrageous increase. I am retired and I did not receive any increase in my income . this is not justified at all.

Thanks for your consideration
