# COMMISSION STAFF'S FIRST REQUEST FOR INFORMATION TO DUKE ENERGY KENTUCKY, INC.

Duke Energy Kentucky Inc. ("Duke Kentucky or "the utility") pursuant to 807 KAR 5:001, is to file with the Commission the original and six copies in paper medium and an electronic version of the following information. The information requested herein is due on or before either 14 days after submission of the rate application or 21 days after the date of this request, whichever is later. Responses to requests for information in paper medium shall be appropriately bound, tabbed and indexed. Each response shall include the name of the witness responsible for responding to the questions related to the information provided. Each response shall be answered under oath or, for representatives of a public or private corporation or a partnership or association or a governmental agency, be accompanied by a signed certification of the preparer or the person supervising the preparation of the response on behalf of the entity that the response is true and accurate to the best of that person's knowledge, information, and belief formed after a reasonable inquiry.

Duke Kentucky shall make timely amendment to any prior response if it obtains information which indicates that the response was incorrect when made or, though correct when made, is now incorrect in any material respect. For any request to which Duke Kentucky fails or refuses to furnish all or part of the requested information, it shall provide a written explanation of the specific grounds for its failure to completely and precisely respond.

Careful attention shall be given to copied material to ensure that it is legible. When the requested information has been previously provided in this proceeding in the requested format, reference may be made to the specific location of that information in responding to this request. When applicable, the requested information shall be separately provided for total company operations and jurisdictional operations. When filing a paper containing personal information, Duke Kentucky shall, in accordance with 807 KAR 5:001, Section 4(10), encrypt or redact the paper so that personal information cannot be read.

- 1. Provide a copy of the current bylaws. Indicate any changes made to the bylaws since the utility's last general rate case.
- 2. Provide the current organization chart, showing the relationship between the utility and any affiliates, divisions, etc. Show the relative positions of all entities and affiliates with which the utility routinely has business transactions.
- 3. Provide the capital structure at the end of the ten most recent calendar years and each of the other periods shown in Schedule 3a and Schedule 3b.
  - 4. Provide the following:

- a. A list of all outstanding issues of long-term debt as of the end of the latest calendar year together with the related information as shown in Schedule 4a.
- b. An analysis of short-term debt as shown in Schedule 4b as of the end of the latest calendar year.
- 5. Provide a list of all outstanding issues of preferred stock as of the end of the latest calendar year as shown in Schedule 5.

#### 6. Provide the following:

- a. A list of all issues of common stock in the primary market during the ten most recent calendar years as shown in Schedule 6a.
- b. The common stock information on a quarterly and yearly basis for the five most recent calendar years available, and through the latest available quarter as shown in Schedule 6b.
- c. The market prices for common stock for each month during the five most recent calendar years and for succeeding months through the date the application is filed. List all stock splits and stock dividends by date and type.
- 7. Provide a computation of fixed-charge coverage ratios for the ten most recent calendar years as shown in Schedule 7.
- 8. Provide the utility's internal accounting manuals, directives, and policies and procedures.
- 9. Provide the utility's budget instructions, assumptions, directives, manuals, policies and procedures, timelines, and descriptions of budget procedures.
- 10. Provide the studies, including all applicable work papers, which are the basis for plant allocations and expense account allocations.

- 11. Describe the procedures the utility uses to plan and approve construction projects.
  - 12. Provide the utility's long-term construction planning program.
  - 13. Concerning the utility's construction projects:
- a. For each project started during the last ten calendar years, provide the information requested in the format contained in Schedule 13a. For each project, include the amount of any cost variance and delay encountered, and explain in detail the reasons for such variances and delays.
- b. Using the data included in Schedule 13a, calculate the annual "Slippage Factor" associated with those construction projects. The Slippage Factor should be calculated as shown in Schedule 13b.
- c. In determining the capital additions reflected in the base period and forecasted test period, explain whether the utility recognized a Slippage Factor.
- 14. Provide the following monthly account balances and a calculation of the average (13-month) account balances for most recent calendar year:
  - a. Plant in service (Account No. 101);
  - b. Plant purchased or sold (Account No. 102);
  - c. Property held for future use (Account No. 105);
  - d. Completed construction not classified (Account No. 106);
  - e. Construction work in progress (Account No. 107);
  - f. Depreciation reserve (Account No. 108);
  - g. Materials and supplies (include all accounts and subaccounts);
  - h. Computation and development of minimum cash requirements;

- i. Balance in accounts payable applicable to amounts included in utility plant in service (If actual is indeterminable, give reasonable estimate.);
- j. Balance in accounts payable applicable to amounts included in plant under construction (If actual is indeterminable, give reasonable estimate.); and
- k. Balance in accounts payable applicable to prepayments by major category or subaccount.
- 15. Provide a reconciliation and detailed explanation of each difference, if any, in the utility's capitalization and net investment rate base for the base period.
- 16. Provide a rate base, capital structure, and statement of income for the utility for the most recent 12-month period for which information is available at the time it files its application and for the base period used in the application. Provide detailed explanations necessary to reconcile the data for the 12-month period with the filed base period information.
- 17. Provide the information shown in Schedule 17 for each construction project in progress, or planned to be in progress, during the 12 months preceding the base period, the base period, and the forecasted test period.
- 18. Provide, in the format provided in Schedule 18, an analysis of the utility's Construction Work in Progress ("CWIP") as defined in the Uniform System of Accounts for each project identified in Schedule 17.
- 19. Provide a calculation of the rate or rates used to capitalize interest during construction for the three most recent calendar years. Explain each component entering into the calculation of the rate(s).

- 20. Provide, in the format provided in Schedule 20, an analysis of the gross additions, retirements, and transfers for each major functional electric plant property group or account for the utility occurring in the base period and forecasted test period. For any account in which transfers regularly occur in the normal course of business, include a general description of the nature of the transfers.
- 21. Provide the following information for each item of property or plant held for future use at the beginning of the base period:
  - Description of property;
  - b. Location;
  - Date purchased;
  - d. Cost:
  - e. Estimated date to be placed in service;
  - f. Brief description of intended use; and
  - g. Current status of each project.
- 22. List all properties leased to the utility and all improvements to leased properties, together with annual lease payments which are capitalized, in the format provided in Schedule 22.
- 23. Provide a listing of all non-utility property and accounts where amounts are recorded. Include a description of the property, the date purchased, and the cost.
- 24. Provide the journal entries relating to the purchase of utility plant acquired as an operating unit or system by purchase, merger, consolidation, liquidation, or otherwise since the utility's, or its predecessor's, inception. Also, provide a schedule showing the calculation of the acquisition adjustment at the date of purchase or each

item of utility plant, the amortization period, and the unamortized balance at the beginning of the base period.

- 25. Provide a copy of the utility's most recent depreciation study. If no such study exists, provide a copy of the utility's most recent depreciation schedule. The schedule should include a list of all facilities by account number, service life, and accrual rate for each plant item, the methodology that supports the schedule, and the date the schedule was last updated.
- 26. Provide the utility's cash account balances at the beginning of the most recent calendar year and at the end of each month since then.
- 27. Provide the average number of customers on the utility's system (actual and projected), by rate schedule, for the base period and the three most recent calendar years.
- 28. Provide a schedule showing a comparison of the balance in the revenue accounts for each month of the most recent 12-month period for which information is available at the time the utility files its application to the same month of the immediately preceding 12-month period for each revenue account or subaccount included in the utility's chart of accounts. Include appropriate footnotes to show the month each rate change was approved and the month the full impact of the change was recorded in the accounts. See Schedule 28.
- 29. Provide a copy of each cost-of-service study filed with the utility's rate application in Excel spreadsheet format with all formulas intact and unprotected and with all columns and rows accessible.
  - 30. Provide the following expense-account data:

- a. A schedule showing a comparison of the balance in the utility's operating expense accounts for each month of the most recent 12 months for which information is available at the time the application is filed to the same month of the preceding 12-month period for each account or subaccount included in the utility's chart of accounts. See Schedule 30.
- b. A schedule, in comparative form, showing the operating expense account balance for the base period and each of the three most recent calendar years for each account or subaccount included in the utility's annual report. Show the percentage of increase or decrease of each year over the prior year.
- c. A listing, with descriptions, of all activities, initiatives or programs undertaken or continued by the utility since its last general rate case for the purpose of minimizing costs or improving the efficiency of its operations or maintenance activities.
- 31. Provide a schedule of electric operations net income, per kWh sold, per company books for the base period and the three calendar years preceding the base period. This data should be provided as shown in Schedule 31.
- 32. Provide the comparative operating statistics for electric operations as shown in Schedule 32.
- 33. List separately the budgeted and actual numbers of full- and part-time employees by employee group, by month and by year, for the three most recent calendar years, the base period, and the forecasted test period.
- 34. Provide the information requested in Schedule 34 for budgeted and actual regular wages, overtime wages, and total wages by employee group, by month, for the

five most recent calendar years. Explain in detail any variance exceeding 5 percent in any one month.

- 35. Provide all wage, compensation, and employee benefits studies, analyses, or surveys conducted since the utility's last rate case or that are currently utilized by the utility.
- 36. For each employee group, state the amount, percentage increase, and effective dates for general wage increases and, separately, for merit increases granted or to be granted in the past two calendar years, the base period, and the forecasted test period.
- 37. Provide a schedule reflecting the salaries and other compensation of each executive officer for the base period and three most recent calendar years. Include the percentage annual increase and the effective date of each increase, the job title, duty and responsibility of each officer, the number of employees who report to each officer, and to whom each officer reports. For employees elected to executive officer status since the test year in the utility's most recent rate case, provide the salaries for the persons they replaced.
- 38. Describe in detail how the base period capitalization rate was determined. If different rates were used for specific expenses (i.e., payroll, clearing accounts, depreciation, etc.), indicate the rate and how it was determined. Indicate all proposed changes to the capitalization rate and how the changes were determined.
- 39. Provide all current labor contracts and the most recent labor contracts previously in effect.

-9-

- 40. Provide each group medical insurance policy that the utility currently maintains.
- 41. Provide detailed descriptions of all early retirement plans or other staff reduction programs the utility has offered or intends to offer its employees during either the base period or the forecasted test period. Include all cost-benefit analyses associated with these programs.
  - 42. Concerning employee fringe benefits:
- a. Provide a detailed list of all fringe benefits available to the utility's employees and the expected cost of each benefit in the base period and the forecasted test period. Indicate any fringe benefits which are limited to management employees.
- b. Provide comparative cost information for the 12 months preceding the base period and the base period. Explain any changes in fringe benefits occurring over this 24-month period.
- 43. Provide a complete description of the utility's Other Post-Employment Benefits package(s) provided to its employees.
- 44. Provide a complete description of the financial reporting and ratemaking treatment of the utility's pension costs.

- a. SFAS No. 106, "Employers' Accounting for Postretirement Benefits

  Other Than Pensions."
  - (1) The date the utility adopted the SFAS.
  - (2) The effect on the financial statements.

- (3) Whether the base period or forecasted test period includes any impact of the implementation. If so, provide a detailed description of the impact.
- b. SFAS No. 112, "Employers' Accounting for Postretirement Benefits."
  - (1) The date the utility adopted the SFAS.
  - (2) The effect on the financial statements.
- (3) Whether the base period or forecasted test period includes any impact of the implementation. If so, provide a detailed description of the impact.
  - c. SFAS No. 143, "Accounting for Asset Retirement Obligations."
    - (1) The date that the utility adopted the SFAS.
    - (2) The effect on the financial statements.
- (3) Whether the base period or forecasted test period includes any impact of the implementation. If so, provide a detailed description of the impact.
- d. A schedule comparing the depreciation rates utilized by the utility prior to and after the adoption of SFAS No. 143. The schedule should identify the assets corresponding to the affected depreciation rates.
- e. SFAS No. 158, "Employers' Accounting for Defined Benefit Pension and Other Postretirement Plans."
  - The date the utility adopted the SFAS.
  - (2) The effect on the financial statements.
- (3) Whether the base period or forecasted test period includes any impact of the implementation. If so, provide a detailed description of the impact.

- 46. As the historical data becomes available, provide detailed monthly income statements for each forecasted month of the base period including the month in which the Commission hears this case.
- 47. Provide the amount of excess deferred federal income taxes resulting from the reductions in the corporate tax rate in 1979 and 1986, as of the end of the most recent calendar year. Show the amounts associated with the 1979 reduction separately from the amounts associated with the 1986 reduction.
  - 48. Provide the following tax data for the most recent calendar year:
    - a. Income taxes:

1971.
