Re: AN EXAMINATION OF THE APPLICATION OF THE FUEL ADJUSTMENT
CLAUSE OF JACKSON PURCHASE ENERGY CORPORATION FROM
NOVEMBER 1, 2014 THROUGH OCTOBER 31, 2016
Case No. 2017-00023

Dr. Mathews:

On behalf of Jackson Purchase Energy Corporation ("JPEC"), please find enclosed and accept for filing in the above-styled matter an original and ten (10) copies of certain Affidavits of Publication with respect to the Notice of the Hearing scheduled in the case for April 18, 2017. This filing is made pursuant to ordering paragraph 4 of the Commission's Order entered February 6, 2017. Please return a file-stamped copy of this filing to me.

I appreciate your assistance with this matter, and please do not hesitate to contact me with any questions or concerns.

Respectfully,

Mark David Goss

Redhawks Take Down Cougars in Series Opener, 8-3

EDWARDSVILLE, Ill. — Southeast Missouri baseball (11-8, 4-3) defeated SIUE (11-10, 2-5) by a score of 8-3 in Friday's series opener in Edwardsville.

The contest proved to be an offensive one as nine of the 23 hits went for extra bases including four combined home runs.

scattered 12 total hits. Four separate Redhawks each recorded two hits apiece. Dan Holst finished 2-for-4 with three RBI on a home run, his second of the season. Clayton Evans, Danny Wright and Connor Basler all had two hits.

Clay Chandler improved to 4-2 on the season. He worked seven complete innings, allowed two runs on six hits while striking out three and walking one. Matthew Wade closed the game, pitching the final one and a third innings, allowing no runs on two hits.

SIUE starter Brock Fulkerson (1-3) recorded the loss on the mound. He pitched six innings, allowed four runs on eight hits and fanned five Redhawks.

In the second at bat of the game, Chris Osborne blasted a two-

run, opposite field home run to left, putting the Redhawks up very early, 2-0. The Redhawks proceeded to put two more runners on in the inning with no out but left them stranded.

SIUE got on the board by way of the long ball in the bottom of the third with a leadoff home run by Mario Tursi, slicing the Redhawk lead in half, 2-1.

The Redhawks added

to the lead with a pair of runs in the top of the fourth inning.

Wright laced a one-out double into right and moved up to third on a single by Kyle Bottger. After a pickoff of Bottger, Basler worked an 11-pitch at bat into a double off the wall in dead center, plating Wright. Basler stole third and trotted home on a liner up the middle into center off the bat of Evans, widening the lead to 4-1.

Dustin Woodcock hit his first home run of the season with one out in the bottom of the fourth to once again make it a two-run game, 4-2.

SEMO put up a four-spot in the top of the seventh inning to double its run total. Evans and Osborne both walked then scored on a three-run jack to right center off the bat of Holst. Brian Lees followed with a double ripped into left then immediately scored on a base hit by Kylan Robertson, going ahead 8-2.

Jared Waldhoff entered to pitch in the top of the eighth inning for the Redhawks. The frame started with back-to-back singles. A one-out sacrifice fly by Woodcock made it an 8-3 game. SIUE proceeded to load the bases with two out but Wade worked out of the inning for Waldhoff without any more damage.

SIUE's Alec Skender and Tursi each had three hits on Friday. Woodcocks finished with two RBI.

First pitch of Saturday's game has been moved to noon in an effort to get ahead of forecasted weather in the Edwardsville area.

KENTUCKY AFIELD OUTDOORS: Up and Coming Fisheries for 2017

The Fisheries Division's Fishing Forecast each year presents its "Up and Coming Fisheries," a savory menu of potential fishing trips for anglers to try in the coming year.

"The Up and Coming Fisheries on the Fishing Forecast are fisheries that are either a new opportunity or fisheries once considered average to poor that have been building up in quality," said Jeff Ross, assistant director of fisheries for the Kentucky Department of Fish and Wildlife Resources. "Some of these are waters we don't sample regularly, such as the upper Barren River."

The black bass population in the upper Barren River upstream of Barren River Lake displayed its strength as

Kentucky Fish and Wildlife stream fisheries biologist Jay Herrala conducted population sampling for walleye earlier this week.

"We saw some pretty nice smallmouth bass from 16 to 18 inches long in the upper Barren in the area around Coruth Ford," Herrala said. "We consistently saw some decent fish."

The Holland Boat Ramp off KY 100 in Allen County provides access to the upper Barren River. Dave Drees, assistant director of fisheries for Kentucky Fish and Wildlife, spent many hours conducting population sampling on the upper Barren. He said anglers start encountering smallmouth bass upstream of Jew Sharp Bend, down stream of Holland Boat Ramp.

An angler in a john boat, canoe or kayak could work upstream and downstream for smallmouth bass in this area. The woody cover in the deeper holes in this stretch hold good numbers of spotted bass.

The extreme headwaters of the Barren River arm of Barren River Lake holds impressive numbers of largemouth bass at this time of year. Anglers may access this section by using Browns Ford

the Walnut Creek Boat Ramp. Continue following this channel toward the headwaters for good fishing opportunities. These areas are good to hit in the next couple of weeks, as the lake begins its 27-foot climb to summer pool by mid-March.

"Population sampling of the smallmouth bass fishery in central Kentucky's Elkhorn Creek revealed a dramatic improvement." "We are coming off historically high catch rates for smallmouth bass on Elkhorn Creek," said David Baker, Central Fisheries District biologist for Kentucky Fish and Wildlife. "For perspective, it is double what we've seen for the last 10 years."

The average number of smallmouth bass captured and released per hour by electroshocking during population sampling is usually 60 to 70 fish. "In 2016, it was 162 per hour," Baker said. "We had three phenomenal years of reproduction in a row and it's showing in the population sampling."

Baker said fisheries crews see smallmouth bass up to 18 inches in the Elkhorn with good numbers of fish from 12 to 16 inches long.

"People should have a field day for smallmouths," Baker said. "We also have a fantab
