Re: Wholesale Rate Increase

Sherri,

The purpose of this letter is to advise you that our utility, Mt. Sterling Water and Sewer (Mt. Sterling) has requested approval from the Kentucky Public Service Commission (PSC) to increase wholesaie water rates charged to water districts/associations, served by our utility under their purview. This proposed increase is based on the fact that the Consumer Price Index (CPI) rose by a factor of 3.9% over the period from April 2015 and April 2016 for goods and services identified as water, sewer and trash related. In addition to this inflationary increase Mt. Sterling also expects to experience a significant revenue decline in the amount of \$80,000.00 over our next budget cycle, \$30,000.00 water and \$50,000.00 sewer, due to the announced closure of two industrial facilities. These two factors, in combination, have resulted in a budgetary deficit for the 2016/2017 fiscal year. In an effort to offset this financial shortfall Mt. Sterling's board of commissioners found it necessary to approve a proposed budget at their regular monthly meeting, May 16, 2016, which included a 4% water rate increase.

Our utility has petitioned the PSC, to consider for approval, to allow this increase be passed along to our wholesale customers in that amount. A rate modification request has been filed, which includes a tariff sheet asking to increase our current wholesale water rate of \$2.85/1,000 gallons, up to \$2.96. We have requested that this increase be effective July 1, 2016, should this increase be approved it will be reflected in the August billing. This notice is being provided in order to comply with a PSC statute that requires effected wholesale customers receive notice of any proposed rate increase a minimum of 30 days prior to the implementation of said increase. Included please find a copy of the tariff sheet, notification of proposed increase with required PSC language, along with an excerpt from the Bureau of Labor Statistics report regarding the identified inflationary increase previously referenced.

In closing thank you for both your understanding and cooperation regarding this matter. Should you have questions, comments or concerns regarding this notice, please feel free to contact me at (859) 498-0166. Thanks.
