49 C.F.R. PART 192)	

ORDER

On March 15, 2017, the Commission initiated this proceeding to determine whether Louisville Gas and Electric Company (“LG&E”) should be subject to the penalties prescribed by KRS 278.992(1) for certain violations of federal and state minimum standards governing pipeline safety. Having discovered an error in the Commission’s March 15, 2017 Order, the Commission, on its own motion, finds that Attachment D of the Appendix to the Order inadvertently omitted the even-numbered pages of an Excel spreadsheet provided by LG&E, and that it should be amended to include the omitted pages.

IT IS THEREFORE ORDERED, *nunc pro tunc*, that:

1. Attachment D of the Appendix to the Commission’s March 15, 2017 Order is amended and replaced with the Excel spreadsheet attached to this Order.
2. All other provisions of the Commission’s March 15, 2017 Order not in conflict with this Order shall remain in full force and effect.
