Mr. Jones,

Mary Purvis from our FA department was reviewing the application in the above referenced case and noticed that while the body of the application references approximately 260 grinder pump units on page 3, the attached exhibits refer to 222 grinder pump units. She wanted me to touch base with you and see if you could clarify and give us the exact number of grinder pump units Mountain Water District is planning on buying and installing.

Thank you for your time.

Jenny Sanders

Subject: RE: PSC 17-150 Mountain Water District Application for CPCN to finance sewer improvements

Hi Jenny,

I checked with the MWD manager and his response indicated that the District was purchasing as many units as the \$300,000 of funding will allow.

The unit price (at the time of bidding) was \$1,128.58 each which would allow the District to purchase approximately 265 units.

I hope this clears up the matter. If you need any additional information, please let me know.
