Re: In the Matter of: *The Application of Citipower, LLC for a Rate Adjustment for Small Utilities Pursuant to 807 KAR 5:076 - Case No. 2017-00160*

Dear Dr. Mathews:

Enclosed please find for filing with the Commission in the above-referenced case an original and five (5) copies of Citipower LLC's Response to the Commission's deficiency letter dated April 11, 2017. Two deficiencies were noted in the April 11, 2017 letter: 1) ARF Form 1 not signed by an officer; and 2) Customer notice rates were not calculated properly. Included in this filing are items to cure the two deficiencies noted in the April 11, 2017 letter, including a revised ARF Form 1 signed by Citipower's president and a revised customer notice that was mailed as a billing insert to all of Citipower's customers on either April 27 or April 28, 2017. The billings were split into two mailings over this two day period.

After Citipower used the new calculation method to determine the rates to be included in the revised customer notice, Citipower discovered that additional forms in the original ARF filing also needed to be revised to include the new rate calculations. Citipower is including copies of the revised forms in this deficiency filing. Please return a file-stamped copy to me.

Please do not hesitate to contact me if you have any questions.

Sincerely,

L. Allyson Honaker
