BURKESVILLE GAS COMPANY, INC.

Apache Gas Transmission Company, Inc. ("Apache") and Burkesville Gas Company, Inc. ("Burkesville"), pursuant to 807 KAR 5:001, are to file with the Commission the original and ten copies of the following information, with a copy to all parties of record. The information requested herein is due on or before June 16, 2017. Responses to requests for information shall be appropriately bound, tabbed and indexed. Each response shall include the name of the witness responsible for responding to the questions related to the information provided.

Each response shall be answered under oath or, for representatives of a public or private corporation or a partnership or association or a governmental agency, be accompanied by a signed certification of the preparer or person supervising the preparation of the response on behalf of the entity that the response is true and accurate

to the best of that person's knowledge, information, and belief formed after a reasonable inquiry.

Apache and Burkesville shall make timely amendment to any prior response if they obtain information which indicates that the response was incorrect when made or, though correct when made, is now incorrect in any material respect. For any request to which Apache and Burkesville fail or refuse to furnish all or part of the requested information, they shall provide a written explanation of the specific grounds for their failure to completely and precisely respond.

Careful attention should be given to copied material to ensure that it is legible. When the requested information has been previously provided in this proceeding in the requested format, reference may be made to the specific location of that information in responding to this request. When filing a document containing personal information, Apache and Burkesville shall, in accordance with 807 KAR 5:001, Section 4(10), encrypt or redact the paper so that personal information cannot be read.

1. Refer to the response to the Commission Staff's First Request for Information, Item 7. The response states that Apache and Burkesville would need to determine what changes would need to be made to Burkesville's Gas Cost Adjustment ("GCA") calculations and tariffs in order to pass through to Burkesville customers any Apache Pipe Replacement Program charges. Describe the changes Burkesville foresees needing to make to its GCA calculations and tariff to pass through the monthly PRP charges from Apache to its customers using the GCA mechanism.
