**RE: JOINT APPLICATION OF KENTUCKY UTILITIES COMPANY
AND INTER-COUNTY ENERGY COOPERATIVE
CORPORATION FOR AUTHORIZATION OF CHANGES IN
SERVICE TERRITORIES.
Case No. 2017-00188**

Dear Dr. Mathews:

Kentucky Utilities Company ("KU") is herewith filing the original and ten copies of an Application for authorization of changes in certified service territory, as agreed to between KU and Inter-County Energy Cooperative Corporation.

In the Application, the utilities request permission to file only two complete set of maps due to their size.

Should you have any questions, please do not hesitate to contact me.

Sincerely,

CASE NO. 2017- 00188

JOINT APPLICATION

Kentucky Utilities Company ("KU") and Inter-County Energy Cooperative Corporation ("Inter-County"), pursuant to KRS 278.018(6) and 807 KAR 5:001 Section 14, hereby jointly apply for approval of changes in their certified service territories as agreed to by the joint applicants.

1. The full name and mailing address of KU is: Kentucky Utilities Company, c/o Louisville Gas and Electric Company, Post Office Box 32010, 220 West Main Street, Louisville, Kentucky 40202. KU may be reached by electronic mail at the electronic mail addresses of its counsel set forth below.

2. KU was incorporated in Kentucky on August 17, 1912, and in Virginia on November 26, 1991 (and effective as of December 1, 1991), and attests that it is in good corporate standing in both Kentucky and Virginia.

3. KU is a public utility, as defined in KRS 278.010(3)(a), engaged in the electric business. KU generates and purchases electricity, and distributes and sells electricity at retail in the following counties in Central, Northern, Southeastern, and Western Kentucky:

Adair	Edmonson	Jessamine	Ohio
Anderson	Estill	Knox	Oldham
Ballard	Fayette	Larue	Owen
Barren	Fleming	Laurel	Pendleton
Bath	Franklin	Lee	Pulaski
Bell	Fulton	Lincoln	Robertson
Bourbon	Gallatin	Livingston	Rockcastle
Boyle	Garrard	Lyon	Rowan
Bracken	Grant	Madison	Russell
Bullitt	Grayson	Marion	Scott
Caldwell	Green	Mason	Shelby
Campbell	Hardin	McCracken	Spencer
Carlisle	Harlan	McCreary	Taylor
Carroll	Harrison	McLean	Trimble
Casey	Hart	Mercer	Union
Christian	Henderson	Montgomery	Washington
Clark	Henry	Muhlenberg	Webster
Clay	Hickman	Nelson	Whitley
Crittenden	Hopkins	Nicholas	Woodford
Daviess			

4. The full name and mailing address of Inter-County is: Inter-County Energy Cooperative Corporation, 1009 Hustonville Road, P.O. Box 87, Danville, Kentucky 40423. Inter-County may be reached by electronic mail at the electronic mail address of its counsel set

forth below.

5. Inter-County was incorporated in Kentucky on June 14, 1937 and attests that it is in good corporate standing in Kentucky

6. Inter-County provides electric power to more than 25,000 member/owners in the counties of:

Boyle	Casey	Garrard	Larue
Lincoln	Madison	Marion	Mercer
Nelson	Rockcastle	Taylor	Washington

7. Description of Changes in Service Territory: As explained in the attached exhibits, KU and Inter-County have individually agreed to the requested territorial changes. The territorial boundary changes requested involve two parcels of land. The first property is located near the Ridgefield Shopping Center and will include a new development in the parking lot between what is now the Liquor Barn and Skywatch Drive; and the second property is located between the Stewarts Lane rail spur, Norfolk Southern railroad and the S. Danville bypass. The property where Starbucks has requested service is located inside of the Inter-County service territory. Due to the location and configuration of the current utility facilities in the area, the logistics to serve the area for Inter-County is not favorable and therefore it would be in the best interest of both utilities to change the current service area boundary. At this time, no one has requested service for the second property. Nonetheless, the change in boundary for the second property prevents difficulties related to logistics and cost for KU and prevents duplication of services and unnecessary railroad crossings to any future customer in that area. These requested territorial changes will serve the purposes of KRS 278.016 by avoiding the unnecessary encumbering of the landscape and the duplication of facilities, as well as minimizing disputes

between retail electric suppliers. The territorial maps and attachments provided constitute the entire agreement between KU and Inter County.

8. Agreement and Maps: Attached as Application Exhibit 1 of this filing includes the summary list identifying KU and Inter-County personnel familiar with the specifics of the facilities available, the reason for the change and purposes served under KRS 278.016, and copies of the territorial (quadrant) map, detail map, and agreement signed by both utilities involved.

WHEREFORE, KU and Inter-County hereby jointly request, pursuant to KRS 278.018, that the Commission enter an order approving the service territory changes as agreed to by the parties. Due to the size and scale of the maps, KU and Inter-County request that the Commission deviate from 807 KAR 5:001 Section 7 and permit the parties to file only two complete set of maps.

6. The reason(s) for the boundary change (realignment with lot/property lines, closest utility (give details), it is the least cost of providing service to the customer(s), etc.):
LOGISTICALLY MORE FEASIBLE FOR BOTH UTILITIES TO EXPAND THEIR FACILITIES IN THESE TWO AREAS FOR FUTURE GROWTH
7. How does this boundary change promote the purposes of KRS 278.016? (check all that apply)
 - Promotes the orderly development of retail electric service
 - Avoids wasteful duplication of facilities
 - Avoids unnecessary encumbering of the landscape
 - Prevents waste of materials and natural resources
 - Is necessary for the public convenience and necessity
 - Minimizes disputes between retail electric suppliers which may result in inconvenience, diminished efficiency, and higher cost to the consumer
8. Will any retail customer change electric supplier as the result of this boundary change?
 - No (Check this if no retail customers were receiving service in affected territory prior to the boundary change.)
 - Yes (If yes, provide the information on Attachment 1 for each customer affected.)

AGREEMENT

Kentucky Utilities, henceforth referred to as KU, and Inter-County Energy Cooperative, henceforth referred to as ICE, hereby agree to the proposed changes in the service territory boundaries located within the city limits of Danville, Kentucky in Boyle County and as shown on Exhibit A. KU and ICE are currently seeking approval of this territorial change from the Kentucky Public Service Commission, henceforth referred to as KPSC; and the proposed changes will become effective only upon such approval by the KPSC. The proposed changes in boundaries are the result of a mutual consent between KU and ICE such that current and future customers shall be best served.

The property manager has advised the utilities that a new development is to be constructed in the parking lot between what is now the Liquor Barn retail store and Skywatch Drive as depicted on Exhibit A. The requested service is located inside of the ICE service territory. Due to the location and configuration of the current utility facilities in the area, the logistics to serve the area for ICE is not favorable and therefore it would be in the best interest of both utilities to change the current service area boundary.

The other location in which a boundary change is requested is located between the Stewarts Lane rail spur, Norfolk Southern railroad and the S. Danville bypass and is shown on Exhibit A. This change in boundary prevents difficulties related to logistics and cost for KU and prevents duplication of services and unnecessary railroad crossings to any future customer in that area.
