

COMMONWEALTH OF KENTUCKY  
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

THE APPLICATION OF SOUTH HOPKINS	)	
WATER DISTRICT TO INCUR	)	
INDEBTEDNESS OF \$765,000.00 FOR THE	)	CASE NO. 2017-00237
REHABILITATION OF TWO (2) WATER	)	
TANKS AND FOR A CERTIFICATE OF	)	
CONVENIENCE AND PUBLIC NECESSITY	)	

ORDER

On June 6, 2017, South Hopkins Water District (“South Hopkins”) applied for a Certificate of Public Convenience and Necessity in connection with its request to incur indebtedness of \$765,000 for the rehabilitation of two water tanks. On June 15, 2017, Commission Staff sent a letter to South Hopkins stating that its application was deficient due to the omission of required permits and the lack of compliance with KRS 322.340 for its engineering plans, specifications, and drawings, and requesting that the deficiencies be cured within ten days. On June 20, 2017, South Hopkins provided a Response to Deficiency Letter and Motion to Hold In Abeyance (“Response”). South Hopkins’s Response acknowledged that, among other things, it was awaiting approval from the Division of Water for the installation of a mixing system, and requested that its application be held in abeyance pending these matters.

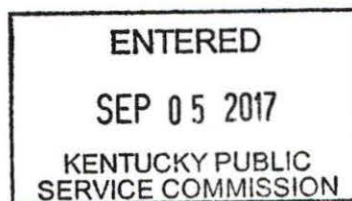

The Commission granted South Hopkins's motion to hold its application in abeyance by Order on July 14, 2017, which required South Hopkins to cure its deficiencies within 30 days, or file a status report at that time. On August 10, 2017, South Hopkins filed a status report and motion for additional time to respond, stating that it is awaiting approval from the Division of Water to move forward with the work that is subject of the application in this matter, and requesting an additional 30 days to obtain this approval.

The Commission finds that South Hopkins's application should be held in abeyance for an additional 30 days from the date of this Order, at which time South Hopkins should cure the remaining deficiencies or file a status report with the Commission.

IT IS THEREFORE ORDERED that:

1. South Hopkins's motion for additional time to respond is granted.
2. South Hopkins's application shall be held in abeyance for 30 days from the date of this Order, at which time South Hopkins shall cure all remaining deficiencies or file a status report with the Commission.

By the Commission
