KENTUCKY POWER COMPANY

Kentucky Power Company ("Kentucky Power"), pursuant to 807 KAR 5:001, is to file with the Commission the original in paper medium and an electronic version of the following information. The information requested herein is due on or before November 2, 2017. Responses to requests for information in paper medium shall be appropriately bound, tabbed and indexed. Each response shall include the name of the witness responsible for responding to questions related to the information provided.

Each response shall be answered under oath or, for representatives of a public or private corporation or a partnership or association or a governmental agency, be accompanied by a signed certification of the preparer or the person supervising the preparation of the response on behalf of the entity that the response is true and accurate to the best of that person's knowledge, information, and belief formed after a reasonable inquiry.

Kentucky Power shall make timely amendment to any prior response if it obtains information which indicates that the response was incorrect when made or, though correct when made, is now incorrect in any material respect. For any request to which

Kentucky Power fails or refuses to furnish all or part of the requested information, it shall provide a written explanation of the specific grounds for its failure to completely and precisely respond.

Careful attention shall be given to copied material to ensure that it is legible. When the requested information has been previously provided in this proceeding in the requested format, reference may be made to the specific location of that information in responding to this request. When filing a paper containing personal information, Kentucky Power shall, in accordance with 807 KAR 5:001, Section 4(10), encrypt or redact the paper so that personal information cannot be read.

1. Refer to Kentucky Power's response to Commission Staff's First Request for Information ("Staff's First Request"), Item 5.e. Explain whether this response indicates that polymer expenses were recovered through the environmental surcharge in accounts other than account 5020005 for the expense months of May 2016 through October 2016, or that the total polymer expense for this period was included in the November 2016 expense month.

2. Refer to Kentucky Power's response to Staff's First Request, Item 9, Attachment 1. Explain Kentucky Power's decision to round column (8), Monthly Difference in WACC, to the hundredths place instead of the ten-thousandths place given that columns (5) As-Revised Rockport WACC, (6) As-Filed Rockport WACC, and (7) Change in WACC to Reflect Updated Tax Rate are rounded to the ten-thousandths place.
