**RE:** Case No. 2017-00372: *Application of Adair County Water District For the Issuance of a Certificate of Public Convenience and Necessity to Construct a Water System Improvements Project Pursuant to the Provisions of KRS 278.020 and 807 KAR 5:001*

**INFORMAL CONFERENCE MEMORANDUM**

On October 23, 2017. Commission Staff ("Staff") participated in a telephonic informal conference with representatives from Adair County Water District ("Adair Water") to discuss Staff's questions regarding Adair Water's funding for the proposed project. A sign in sheet with the participants listed is attached.

Specifically, Staff had questions relating to the current balance of a 2014 \$4,000,000 Kentucky Infrastructure Authority loan ("KIA loan") that Adair Water had used to fund, in whole or in part, two previous construction projects. Staff requested information to document the expenditures from the KIA loan to confirm that sufficient funds remained to cover the cost of the proposed project.

Adair Water stated that it could provide information documenting expenditures from the KIA loan and confirming that sufficient funds remained to fund the proposed project. Adair Water agreed to file the information with the Commission.

Thereafter the conference adjourned.
