PUBLIC SERVICE  
COMMISSION

September 21, 2018

To whom it may concern:

This letter is to respectfully apply for one of the vacant commissioner's positions of the South 641 Water District Board.

I have been serving on the South 641 Water Board since January of 2007 when I was appointed to fill a vacancy. While serving on the board, I have served as treasurer and secretary. Under my leadership the South 641 Water District has made many improvements in how we conduct business, including saving the district thousands of dollars by bringing our accounting in-house and helping to lower employee turnover. I was on the board when we made improvements to our sewer system through a Community Development Block Grant. Additionally I have been the driving force along with our administrator in making sure that we have a viable short-term and long-term Capital Improvement Plan in place.

I have completed the requirements regarding commissioner training. I serve at the will of the residents of the district and I am not compensated for my service. I truly believe that this makes me a better commissioner. To the best of my knowledge I have not missed a single quarterly board meeting since I became a commissioner.

I am very familiar with the laws and regulations that govern water districts as well as laws that regulate appointed boards in general, including Open Meetings Laws. I have worked to become informed on the processes a Water District must follow in regards to rate increases, publishing tariffs and notifying customers on various things. I am also very well versed in the annual report that must be filed with the PSC and am knowledgeable in the regulations that govern water boards in respect to being classified as a SPGE.

I have faithfully served the residents served by the South 641 Water District and would like to continue doing so. I would appreciate if you would re-appointment me.

Sincerely,

Nancy Mieuse
