

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

APPLICATION OF NORTHERN KENTUCKY)	
WATER DISTRICT FOR A DEVIATION)	CASE NO.
FROM 807 KAR 5:006 § 17 AND 19)	2018-00165

ORDER

On May 5, 2018, Northern Kentucky Water District (Northern Kentucky District) filed with the Commission an application requesting permission to deviate from 807 KAR 5:006, Sections 17 and 19. In support of its motion, Northern Kentucky District states that the Commission notified all water districts of a change in procedures relating to third party testing facilities and meter testing in a letter dated May 31, 2017. Water districts were given until January 1, 2018, to comply.¹

Subsequently, in a letter dated December 27, 2017, the deadline for compliance was extended to July 1, 2018.² Northern Kentucky District states in its application that it has been working to comply with new procedures by researching the certification of its own personnel.³

On July 17, 2018, in Case No. 2018-00226, the Commission issued an order designed to provide guidance to gas, electric and water utilities regarding meter-testing

requirements under 807 KAR Chapter 5.⁴ In this Order, the Commission clarified the standards and procedures for third-party testing facilities, measurement standard calibration and meter-tester certification. The Commission also gave the affected utilities sixty days from the date of the Order to comply.⁵

Having reviewed the record and being otherwise advised, the Commission finds that Northern Kentucky District's motion for a deviation should be denied as moot as the matter has already been addressed by the Commission in Case No. 2018-00226.

IT IS THEREFORE ORDERED that:

1. Northern Kentucky District's application for a deviation is denied as moot.
2. This case is closed and removed from the Commission's docket.

⁴ Case No. 2018-00226. *Notification to Utilities Furnishing Metered Electric, Gas or Water Service Regarding Meter Testing Requirements* (Ky. PSC July 17, 2018).
