

Public Service Commission  
RE: Case No. 2018-00017

RECEIVED

JUN 17 2019

PUBLIC SERVICE  
COMMISSION

To Whom this may Concern,

I Am a Citizen of Martin County, Ky.  
I AM Writing about the water Crisis,  
We the People of this County Cannot  
Afford Another Rate Increase on our  
Water Bills.

We Already pay enough for water  
that is Not fit to drink or Cook  
with or Really Bathe In. I have  
to Buy water to drink & Cook with,  
as so many others do. It's hard  
to pay for bad water you can't use  
and then have to buy water to drink  
and Cook with. Having to buy Good  
water is Already putting us In  
Financial Stress, because it is  
taking Away food from our Tables  
and Medication we have to take for  
High Blood Pressure and other Health  
Issues we have.

Can you Please see if there is  
Any State or Federal Grants out  
there or other help our County  
can get to help the Water Department

Out in this Crucial Time,  
I Appreciate your time and any  
help you can do for our Crumbling  
Water System.

I Sincerely  
Thank you,

Jammie Kirk
