Re: Case #2018-00063

Dear Ms. Pinson:

Kentucky Rural Water Association conducted a class for continuing education credit at the Oldham Co. Water District office on February 13, 2018. On behalf of Kentucky Rural Water Association, I hereby attest that this program, herein referenced as Case No. 2018-00063, was held as scheduled. The planned course of instruction, submitted for six (6) credit hours, was performed as submitted.

As required, KRWA has included a list of commissioners who attended the session and earned continuing education credit. KRWA did not submit this class to any other agency for continuing education credit. Copies of the PowerPoints used during this session were submitted with our original request for approval. Attendees were provided copies of those documents.

Kentucky Rural Water Association would like to thank the Kentucky Public Service Commission and staff for their leadership and support in approving the training offered during this session.

Sincerely,

Janet Cole
Education Coordinator
