RE: Black Mountain Utility District  
Case No: 2018-00068 Sixth Request for Information

Linda C. Bridwell, Executive Director:

As Manager of Black Mountain Utility District, I have compiled the following responses to this Sixth Request for Information by the Commission.

1. State the date that Black Mountain District began preparing to file the rate adjustment.

**Grant Cooper Manager started getting information together for the rate adjustment on August 16, 2021.**

2. State in detail the amount of progress made on the rate adjustment application by Black Mountain District prior to contacting Kentucky rural water Association (KRWA) for assistance.

**Grant Cooper gathered information on meter change out, the information needed from the billing system, copy of the bonds, loans, and rate of pay for employees. With the change in financial accountants, it was very hard to find all the information that was needed to file, and it was in the early weeks of September 2021 when we realized that we needed help to get the rate adjustment application done.**

3. State the date that Black Mountain District placed a call to KRWA to assist with the rate adjustment application

**We called KRWA somewhere in week of September 16, 2021.**

4. State the date of the agreement between KRWA and Black Mountain District.

**On October 14, 2021, the District's board approved to enter into an agreement with KRWA.**

5. Explain the progress on the preparation of the 2021 annual report and the date that Black Mountain District expects to file that with the commission.

**We have the information together and intend to have it submitted by July 29, 2022.**

Certification of Responses to Commission Request for Information:

I hereby certify that I have done the preparation of the Responses to the Commission Request for Information. This information provided in the Responses is true and accurate to the best of my knowledge, information, and belief formed after a reasonable inquiry.
