RE: Case No. 2018-00118
North Hopkins Water District
ARF – Rate Adjustment

Dear Ms. Pinson:

The North Hopkins Water District (the District) submits the following comments concerning the Commission Staff Report dated July 16, 2018:

1. The District waives its right to request an informal conference or hearing in this case.
2. The District concurs with the findings contained in the Staff Report. Although we agree with staff's findings, we request that the rate increase percentage originally included in the application be approved by the Commission. That rate increase percentage is slightly lower than the one recommended in the Staff Report.

If you need any additional information from the District to expedite implementation of the revised rates, please contact our office.

Sincerely,

Norman Adams, Chairman
North Hopkins Water District
