RE: Proposed Water Rate Increase

Dear Mr. Smith:

As you are aware, the Kentucky River Authority ("KRA") recently increased its Tier II Water Withdrawal Fee from \$0.13 per 1,000 gallons to \$0.22 per 1,000 gallons. Accordingly, the City of Lancaster, Kentucky ("Lancaster") is increasing the KRA Water Withdrawal Fee component of its wholesale rate to Garrard County Water Association, Inc. ("GCWA"). Lancaster is simply passing along the increased Water Withdrawal Fee and no other portion of the wholesale rate will be changed. The volumetric component will continue to be governed by the Water Purchase Agreement between Lancaster and GCWA dated October 3, 2017.

Attached are the following documents, which contain the new rate for the KRA Water Withdrawal Fee component of the wholesale rate, the proposed Effective Date, and other information required by the Public Service Commission ("PSC").

1. Customer Notice;
2. Tariff Sheet; and
3. Letter from KRA to Lancaster.

Lancaster plans to file these documents with the PSC on or before May 31, 2018. Should you have any questions or need further information, please feel free to contact me.

Sincerely,

Chris Davis  
Mayor, City of Lancaster
