Re: **Case No. 2018-00237**
Kentucky Rural Water Association's 39th Annual Conference and
Exhibition – ***Water, The Natural Resource***

Dear Ms. Pinson:

Kentucky Rural Water Association (KRWA) hosted its **39th Annual Conference & Exhibition – *Water, The Natural Resource***, at the Galt House Hotel & Suites in Louisville, Kentucky, on August 27-29, 2018.

All attendees are required to complete a Verification of Continuing Education Credit sheet if they plan to earn hours and the sheet must be stamped by a KRWA staff member at the conclusion of each session. After compiling the sheets and calculating the hours earned (maximum 6 hrs.), KRWA submitted the list to the Public Service Commission of water district commissioners who earned hours by meeting the approval criteria as outlined in our Order.

One commissioner, **Earl Sandusky**, failed to turn his form in at the conclusion of the conference and has just submitted it to KRWA. His form contains the appropriate stamps indicating he attended a total of 12 hours or classes. Because he met the criteria to earn hours by attending Concurrent C on Tuesday, August 28, **Earl Sandusky of Marion Co. Water District earned the maximum continuing education credit of 6 hours.**

We apologize for the delay in reporting Mr. Sandusky's hours. If you need further documentation, please don't hesitate to contact me.

Respectfully submitted,

Janet Cole
Education Coordinator
